

Good quality crawler jet grouting drilling rig

Which hydraulic drilling rig is best for jet grouting?

MDR provides high-performance hydraulic drilling rigs and advanced technological soil drilling equipment for jet grouting. Our range represents the best technological solution, combining years of geotechnical experience and continuous research in the drilling field. MDR hydraulic drilling rigs have been engineered for jet grouting.

What are the different types of grouting equipment?

High-pressure jet grouting rigs, core drilling rigs, anchor drilling rigs, and environmental drill rigs are our featured products with advanced technology, and other grouting equipment such as grouting pumps, and auto grout mixing stations are low energy consumption... Very good, I am very satisfied !

Are MDR drilling rigs suitable for jet grouting?

MDR hydraulic drilling rigs have been engineered for jet grouting. Besides a wide range of extensive drilling accessories is available to extend the application of MDR drilling equipment. Discover the main technological features of MDR Drilling Rigs for jet grouting.
