

Guilin fixed air compressor rental price

How much does it cost to rent an air compressor?

The choice between renting and buying depends on a few factors such as size and type of business, and economics. Generally, of the two air compressor types available for hire, rental rates for portable models range from \$45-\$90/day or \$100-\$200/week. In contrast, a trailer-mounted compressor rental costs \$75-\$950/day or \$220-\$2,500/week.

Where can I rent an air compressor?

United Rentals carries a leading selection of air compressors for rent, designed to provide efficiency and productivity to jobsites. Our inventory includes both towable and diesel-powered units. Get these exclusive online rates by renting through our website or app. For our full list of air compressors for rent, view the items below.

When should you rent an air compressor?

Air compressors are rented by the day, week, or month. Rental rates increase with the size of the compressor, as well as the length of rental. Air compressors provide an added convenience to any job site. Choose a portable air compressor rental for short term projects or a towable unit for maximum power on longer jobs.

What types of air compressors are available for rent?

Two types of air compressors are commonly available for rent. The smaller of the two is the portable air compressor--this size is just right for residential construction projects. For larger jobs, the powerful towable air compressor is the best choice.

Do I need a license to rent air Comp equipment?

A valid Driver's License is required to rent. Except for select states, CLEAR verification required using a valid Driver's License. Click ["Schedule a Delivery"](#) to book your next large equipment delivery. Delivery and pickup at your jobsite requires a minimum 1-day rental. Rent air comp equipment from The Home Depot Rental.

How much does a trailer-mounted compressor cost?

In contrast, a trailer-mounted compressor rental costs \$75-\$950/day or \$220-\$2,500/week. But, renting rather than purchasing a compressor can be a difficult decision, the solution of which boils down to a few considerations:
