

Hatz diesel engine air compressor

Who makes Hatz diesel engines?

Hatz develops and manufactures diesel engines from 2 hp to 86 hp to power a range of applications.

Does Hatz offer air cooled diesel engines?

This is why Hatz is the only manufacturer that offers exhaust-reduced and air-cooled diesel engines over the entire product portfolio. The limits in the US emission standard EPA Tier 4 final and the Regulation (EU) 2016/1628 Stage V are in special focus for off-highway engines. In addition, compliance with other standards is also achieved.

Is Hatz a good brand?

Motorenfabrik Hatz is the specialist for single- to four-cylinder diesel engines in a power range from 1.5 to 64 kilowatts. Engines are categorised into the Hatz B-,D-,G-,L-,M- and H-series and feature their special qualities for every need. Reliable in all conditions: Hatz is more than a brand, it is a quality promise.

How many kilowatts does a Hatz diesel engine have?

Wide power range, one engine platform The L-series of the Hatz diesel engines is available as two-cylinder (2L41C) with 15 up to 24 kilowatts, three-cylinder (3L41C) with 23 up to 37 kilowatts and four-cylinder (4L41C) with 30 up to 49 kilowatts. This saves both time and money for the development and construction of entire machinery series.

What training programs does Hatz offer?

Hatz offers in-house training programs covering our complete line-up of engines. Learn more 140+ years of experience. In its history of 140+ years, Hatz has developed into being a specialist for diesel engines rated up to 83 hp.
