

Helicopter portable drill rigs

Safety - Efficiency -Trust The EDM1500HP Heli Portable Drill rig has been designed as a high capacity drill, to operate in remote and difficult locations only accessible by helicopter. The ...

Shock Auger Helicopter-portable, low-impact drill rig designed for overburden exploration with minimal environmental damage. Shock Auger is a new drill system built for maximum ...

The Discovery II is rated to efficiently drill up to 1400 meters N/WL while meeting the latest safety requirements from major mining companies, All in a package that can be flown with a B3 size ...

We have several large drills that can break down into modular pieces designed for flying, as well as smaller drill options that can be flown as well. Whether it's helicopters, snow machines, ...

Three of our D50 drills are modular and able to be moved in parts by a helicopter or crane, and quickly reassembled on site. These rigs provide the ability to drill and sample both soil and ...

Helicopter Portable Equipment When you contract with Godbe Drilling, you get the benefit of all-terrain mobility and advanced technical exploration. We utilize ...

Drilling Equipment Diamond Core Drills Helicopter portable, track-mounted, man-portable, skid-mounted, underground, deep hole, and low environmental ...

Still the quintessential Helicopter Fly-In Rig, the BUSHMASTER is a modular, all hydraulic core drill rig designed for quick breakdown and setup in the most ...

A heliportable drill rig, also known as a helicopter-portable drill rig, is a type of drilling equipment designed to be transported and deployed to ...

LF(TM)70 Surface Coring Drill Rig Mobility The LF(TM)70 modular design consists of seven sections that are heliportable for reaching remote locations. This drill reduces downtime when ...

Heli-Portable Drills When mobilization is not possible by way of roads or trails, we still may be able to drill in your desired location. We have several large drills ...

Geotech operates a fleet of heli-portable and skid mount drill rigs. Designed to complete the most remote of drilling programs, our heli-portable drill division is ...

Equipment Drill Force has an abundance of diversified drilling rigs and ancillary equipment suitable for

Helicopter portable drill rigs

Water, Geotechnical, Seismic, Minerals, Energy and Environmental projects. We ...

Helicopter-portable, low-impact drill rig designed for overburden exploration with minimal environmental damage. Shock Auger is a new drill system built for maximum effectiveness ...

MPP's latest compact, helicopter portable, rubber track-mounted RC/RAB drill, the Scout is ideal for all stages of exploration. The Scout features a 100+ meter depth capacity, 45 HP Kubota ...

Utilising custom designed drill rigs suited for operations in Africa, helicopters sling the rigs using a long line into places that would otherwise be inaccessible.

Heliportable Drilling involves transporting a disassembled drill rig, by helicopter, to a precise (often difficult to access) location. Our ground crew then assemble ...

The EDM 30K HP has been built with safety in mind and comes standard with many features not currently available on Heli Support Rigs these include, a rod spinner, rod spin guard with ...

DA Smith's heliportable Longyear HC-150 diamond core drill is designed with modular components that can be disassembled into lightweight components ...

Drill rigs are mounted on a heli-portable base platform with hydraulic jack legs for stabilisation on rugged ground. The rig and ancillary equipment can be ...

We have several lightweight rigs that enable drilling to occur up to 120ft above the ground working from a Skyreach or crane. Our rigs can be lifted in by ...

Discovery II - Diamond Core Drill MPP's flagship diamond drill, the Discovery II was designed with safety, portability and production in mind. The rig is both ...

ADC can deliver on portable drill rig moves and perform precision lifting and load placement to any location utilizing our partnerships with helicopter service companies in USA, Canada and ...

Diamond core drills for mineral exploration and mining industry. Available in surface and underground configurations. Track mounted and helicopter portable.
