

How much does it cost to rent a screw air compressor per day

How much does it cost to rent an air compressor?

The choice between renting and buying depends on a few factors such as size and type of business, and economics. Generally, of the two air compressor types available for hire, rental rates for portable models range from \$45-\$90/day or \$100-\$200/week. In contrast, a trailer-mounted compressor rental costs \$75-\$950/day or \$220-\$2,500/week.

How much does an air compressor cost?

For example, a 50hp reciprocating electrically powered air compressor costs around \$50/day or \$200/week. In comparison, if you want a larger 400hp rotary screw electrically powered compressor, you can rent one for around \$1,000/day or \$4,000/week. If you intend to use an air compressor, you also need various accessories.

When should you rent an air compressor?

Air compressors are rented by the day, week, or month. Rental rates increase with the size of the compressor, as well as the length of rental. Air compressors provide an added convenience to any job site. Choose a portable air compressor rental for short term projects or a towable unit for maximum power on longer jobs.

Where can I rent air compressors?
