

How much does it cost to repair a screw air compressor in Tonglu

Does industrial air power rebuild rotary screw air compressors?

We rebuild your air end and return it to you, like new! Industrial Air Power is your premier resource for air-end rebuilds for all rotary screw air compressors from 10hp up to 1000hp. With thousands of remanufactured air ends completed since 2008, Industrial Air Power offers a reputable, reliable air end rebuilding service with unrivaled prices.

Can You rebuild an air compressor?

We can rebuild most air compressor brands we sell and service. Rebuilds include new gaskets, bearings, O-rings, repair of rotors, and seals, metalizing the shafts, inlet valve rebuild, and end plate repair if needed. We can also service the drive motor, "clean & bake" the windings, and install new seals and bearings on direct-drive units.

What is a rotary screw compressor overhaul?

Whether your compressor is showing signs of wear or has experienced a sudden failure, our rotary screw compressor overhaul service is designed to bring your equipment back to like-new condition. Our overhaul process includes: We start by performing a rigorous inspection of all major components to identify worn or damaged parts.

Do rotary screw & reciprocating compressors need maintenance?

From minor repairs to complete overhauls, our technicians have the tools and expertise to get the job done right--fast. To keep your rotary screw or reciprocating compressor running at maximum efficiency, regular maintenance is key.

What if my reciprocating compressor needs a full overhaul?

If your reciprocating compressor requires a full overhaul, we'll disassemble the unit on-site, ship the parts to our facility for repair, and reassemble the unit once all repairs are completed. We service all major brands, including Worthington, Joy, and Bellis & Morcom, ensuring your equipment runs at OEM standards.

What happens if a rotary screw compressor breaks down?

When a rotary screw compressor breaks down, it can disrupt production and cause costly delays. At ACS, our team of factory-trained technicians is here to help with emergency repairs and full overhauls for all major rotary screw compressor brands, including Ingersoll Rand, Quincy, Atlas Copco, Kaeser, Sullair, Sullivan-Palatek, and many more.
