

How to make drilling rig starfield

How do you make starfield drilling rigs?

To craft Starfield drilling rigs you need to invest one skill point into Outpost Engineering in the Science tree. You then have to research Manufacturing 2 in Outpost Development. This lets you create compound fabricators in your outpost. These fabricators create drilling rigs when fed the proper materials.

What is the drilling rig in starfield?

The Drilling Rig is a beneficial resource for crafting in Starfield; here is how to find it. Starfield has various resources and crafting items that can be used to build something better and useful.

How do you make drilling rigs?

In order to craft Drilling Rigs, you will need a Compound Fabricator. This requires the Outpost Engineering skill, in addition to reaching the second level of Manufacturing through research. Ultimately, you can build the Compound Fabricator at one of your outposts and connect it to a power source.

How do I find the drilling rig?

To locate the Drilling Rig, follow the mission marker, loot the building, and head down the metal steps. At the bottom of the steps, there is a small gap to the left with crafting items on the ground. The Drilling Rig is the big yellow object next to the Austenic Manifold.
