

Ith drill rigs

Compact and powerful long-hole drilling solution The sturdy Simba M4 is a long-hole production drill rig for medium to large-drift mining. It accommodates a range of drill bits, rock drills and in ...

THE PERFECT ITH SOLUTION The Cubex Aries is an ITH drill unitised with an on-board booster. This drill is mounted on a mobile articulated carrier designed for high mobility and flexibility in ...

Sandvik underground drill rigs come in five product families: mining jumbos, production drill rigs, rock support drill rigs, secondary breaking drill rigs, and tunneling jumbos. Each is specifically ...

Precise and flexible production drilling The drill rigs in the Simba E7-series are suited for production drilling in me-dium to large sized drifts, in the 51 to 178 mm range. Equipped with a ...

Our Story Metres Down Under Pty Ltd (MDU) is a privately-owned drilling company based in Kalgoorlie-Boulder, Western Australia, and specializes in the use of In-The-Hole-Hammer ...

DU421-C is an ITH drill unitized with an on-board and complete with a FOPS/ROPS cabin. This drill on a mobile center articulated carrier designed mobility in underground mines with ramp ...

The DU412i drill rig introduces mechanised pipe handling in V-30 slot raising applications. Credit: Sandvik AB. Sandvik has launched its first ...

FEATURES The Orion is a track mounted In-The-Hole drill designed to drill with ITH hammers powered by high pressure air. The drill is equipped with an on-board booster compressor. The ...

The in the hole (ITH) drill rig is an essential piece of equipment used in various drilling operations. This article provides a comprehensive look at its applications, technical ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

TECHNICAL SPECIFICATION Sandvik DU411 is a highly versatile and compact ITH longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 m or larger ...

Sandvik DU311-T is a compact, track-mounted, in-the-hole (ITH) longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 meter or larger production ...

Sandvik DU211-T is a track-mounted, in-the-hole (ITH) drill rig with a minimum width of 1.2 meters (48

Ith drill rigs

inches). This drill rig for underground drilling is designed to carry ITH hammers powered ...

TECHNICAL SPECIFICATION Sandvik DU311-TK is a versatile and compact ITH longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 m or larger ...

The new Sandvik DU412i is the first in its next generation of in-the-hole (ITH) underground production drill rigs. Automation-ready, it is built on a ...

Sandvik DU311 is a highly versatile and compact ITH longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 m or larger production drifts. It is capable of ...

TECHNICAL SPECIFICATION Sandvik DU311 is a highly versatile and compact ITH longhole drill fitted with an onboard booster and designed for underground mining in 4 x 4 m or larger ...

Sandvik DU311 is a fully mechanized, center-articulated, in-the-hole (ITH) drill designed for high mobility and utility in underground mining. It is a compact yet ...

The Borterra RaisePro-48T is a multi-purpose ITH-Raise Drill that sets a new standard in efficiency, versatility and innovation. The versatile track-mounted In-The-Hole (ITH) drill was ...

In-The-Hole Longhole Drill Rigs Sandvik in-the-hole (ITH) longhole drills are capable of drilling ø89-216 mm holes up to 100 meters in length using 3" to 8" ITH hammers in mechanized and ...

Sandvik DU412i is a highly versatile and compact in-the-hole (ITH) longhole drill fitted with an onboard booster and designed for underground mining in 3.2 x ...
