

Kaishan Long Arm Down-the-Hole Drill

The KG410 down-the-hole drill rig for open-pit mining is an enhanced model compliant with national diesel emission regulations. Equipped with a Yuchai 4-cylinder China III engine, it ...

Integrated DTH Drilling Rig The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system ...

KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open pit mine, stonework blast holes and pre-splitting holes.

The KG520/KG510H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KG610H open-type down-the-hole drill rig is an improved unit designed for unrestricted operation, fully compliant with national regulations for diesel engine emissions. Equipped with ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, it is capable of drilling ...

Kaishan KG430 blast hole drill rig is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

The KG920A/B/D, KGH4 medium pressure crawler drilling rig is an updated version of KY125 series rock drilling machine. The pneumatic system, ...

Categories: All Products, Kaishan Drilling Rigs Description: The "Kaishan" brand KT5C/KT7C/KT9C integral DTH mine drilling rig is designed for: Open-pit mining Quarry ...

The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

KG920 expanded pitch and lifting arm hydraulic cylinder enable it to meet the requirements of limiting position use. Meanwhile, the hydraulic system is improved, thereby proving increased ...

Kaishan KT7D integrated open-pit down-the-hole drilling rig is an advanced drilling equipment that integrates the down-the-hole drilling system and the ...

The KT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal

Kaishan Long Arm Down-the-Hole Drill

holes. mainly used for open-pit mine, stonework ...

Down the hole drilling rig has a hydraulic wet dust removal system with adjustable water volume and water pressure, and water pressure alarm function. The rig ...

KG920B open air borewell drilling rig has optimized hydraulic system, drill arm components and walking components on the basis of KY125 borewell drill machine. The KG920B type machine ...

The KG300GF photovoltaic down-the-hole crawler drilling rig is a product specially designed for photovoltaic pile holes, which is equipped with a 73KW engine, high-efficiency desert air filter, ...

KG726 Down The Hole Drill Rig KG726 expanded pitch and lifting arm hydraulic cylinder enable it to meet the requirements of limiting position use. Meanwhile, the hydraulic system is ...

Kaishan KT11 dth drilling machine is designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Get a FREE quote now.

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

The KG430/KG430H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

improve the working pressure and climbing capacity. The expanded pitch and lifting-arm hydraulic cylinder enable it to meet the requirements of limiting position. Recommended Air ...

The KG590/KG590H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder engine ...

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: Kaishan KG Series Portable Borehole Hard Rock Drill Rig with Hole Hammer DTH Mining Drilling Machine ...

The KGH5AIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai four-cylinder ...

Kaishan Long Arm Down-the-Hole Drill

The KG520/KG520H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

The hydraulic system of KG500/KG500A down the hole drill rig for open use adopts high strength and large displacement cast iron gear pump to ensure product quality, and has the advantages ...

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

The KG410/KG410H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder engine ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...
