

Kaishan M4 down-the-hole drill rig

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with ...

Down The Hole Drill Rigs Kaishan Group Co., Ltd. is a well-equipped company with strong technical force, specialized in Water Well Drilling Rig, Screw air compressor, Surface Drill ...

KG420S Down The Hole Drill Rig KG420S folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working ...

KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open pit mine, stonework blast holes and pre-splitting holes.

Down the hole drilling rig has a hydraulic wet dust removal system with adjustable water volume and water pressure, and water pressure alarm function. The rig ...

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

If you are searching for high end drilling rig and air compressor, we promise that it is well worth checking our company. Headquartered in Zhengzhou City, ...

KAISHAN High performance KT12 Kaishan DTH Diesel Crawler Down the Hole Blasting Mining Drill Rig for mine blasting hole KT12 integrated DTH drilling rig ...

The KG520/KG510H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KT12 integrated down the hole drill rig is driven by the Cummins China stage III diesel engine and the two-terminal output can drive the screw compression system and hydraulic ...

ZT10 Integrated Down the hole Drill Rig for Open Use The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal

Kaishan M4 down-the-hole drill rig

holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

Kaishan KQD120 dth drill rig tackle hard rock & complex formations with ease. Reliable & efficient. Drill contractors" best friend!

A high air pressure screw rod with our intellectual property is mounted on the machine. KT5C Integrated Down the hole Drill Rig for Open Use The KT5C ...

KS311 hydraulic drilling rig is used for blast hole and drilling anchor hole, it can operate in the section with 3.5-5m width and 3.5-5m height. the drill boom can be rotary 360°; it can drill in 3m ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

Kaishan drilling rig is designed for construction drilling, quarrying, surface mining, underground mining, exploration drilling and dimension stone industry applications.

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line ...

Kaishan dth drilling rigs is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

Kaishan M4 down-the-hole drill rig

The KG610H down-the-hole drill rig for open use is equipped with a dust collector, thus making the operation environment-friendly and reliable.

KT10 integrated down the hole drill rig The KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

Categories: All Products, Kaishan Drilling Rigs Description: The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line includes face drill rigs, hydraulic ...

Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and construction tools and parts. With more than 60 years of experience, KAISHAN Group can ...
