

Kaishan down-the-hole drill engine

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with ...

The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with dual-end output, simultaneously driving both the screw compression system and ...

The KT15 integrated down the hole drilling rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. It ...

KG430/KG430H Down The Hole Drill Rig For Open UseThe KG430/KG430H down-the-hole drill rig for open use is an improved device in compliance with national regulations on diesel ...

New Kaishan Brand KG350GF open-air photovoltaic drilling rig is a machine specially designed for photovoltaic foundation pile holes, equipped with 73.5KW diesel engine, high-efficiency ...

The KG610H open-type down-the-hole drill rig is an improved unit designed for unrestricted operation, fully compliant with national regulations for diesel engine emissions. Equipped with ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, characterized by compact ...

Integrated Surface DTH Drilling Rig, KT12 Down-the-hole drill rig for open-pit mining This machine is powered by a two-terminal engine that meets China ...

The KG520/KG520H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw compression ...

Categories: All Products, Kaishan Drilling Rigs Description: The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art

Kaishan down-the-hole drill engine

drilling equipment capable of drilling vertical, inclined and horizontal holes. The drilling ...

A high air pressure screw rod with our intellectual property is mounted on the machine. KT5C Integrated Down the hole Drill Rig for Open Use The KT5C ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai ...

The ZT10 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. ...

The KG430S/KG430SH down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KG410 down the hole drill rig mine drilling rig for open use is an improved device in compliance with national regulations in diesel-engine emissions. ...

Kaishan KG420T/KG420TH Down the Hole Drill Rig for Open Use Kaishan is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your ...

Integrated Surface DTH Drilling Rig, KT15 Down-the-hole drill rig for open-pit mining This machine is produced based on our company's years of drilling-rig ...

The KG520/KG510H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Bulkbuy Kaishan Kg430 Diesel Engine Down The Hole Blast Drill Rig Machine Mine Borehole Drilling Machine price comparison, get China Kaishan Kg430 Diesel Engine Down The Hole ...

The KG590/KG590H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KG410/KG410H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

Kaishan down-the-hole drill engine

The KT12 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit minestonework blast ...

ZT10 Integrated Down the hole Drill Rig for Open Use The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw compression system and hydraulic ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

The KG610/KG610H DTH drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...
