

## Kerui drilling rig

Product introduction The 3rd generation fast moving drilling rig of KERUI based on 2nd generation fast moving drilling rig is developed by KERUI in 2014, which is creatively integrated mast, ...

Product introduction Super single drilling rig is a kind of full - hydraulic driving rig, which is designed and developed by KERUI, with the features of high ...

The company has the capabilities of integrated wellbore engineering services such as pre-drilling, drilling, directional, mud, stimulation, completion, and other wells, which can meet the needs of ...

Kerui - 750HP/1700kN - Conventional Land Drilling Rig by Kerui Petroleum. LThe land drilling rig is used for oil and gas exploration and development on wells that are 1600~3000m (drill pipe 4 ...

KERUI Petroleum and Kuwait BAHMAN successfully signed 4 sets of high-end land drilling rigs contract in a value of over USD 55 million.

The 3rd generation fast moving drilling rig of KERUI based on 2nd generation fast moving drilling rig is developed by KERUI in 2014, which is creatively integrated mast, substructure, ...

ZJ90/5850 Drilling rig has two choice of driven mode according to your requirement: 1. DC motor driven, 2. AC stepless variable frequency driven. Drilling rig is designed and manufactured as ...

KERUI Petroleum and Kuwait BAHMAN successfully signed 4 sets of high-end land drilling rigs contract in a value of over USD 55 million. This is ...

In this project, Kerui Petroleum & Gas provides two sets of 1500hp geothermal drilling rigs, drilling services, personnel training and related technology transfer and other one ...

DC-type Drill Collar Raiser is mainly applied for holding and lifting drill collars in petroleum drilling, natural gas drilling and workover operation. This product is designed and manufactured ...

The document is an inventory list for Kerui Equipment Group that includes over 30 pieces of drilling and workover rig equipment. The list provides the models, ...

It is committed to offering you customized, highly efficient drilling equipment and service. KERUI has offered 480+ sets of well drilling and workover equipment in 60+ countries and regions.

KERUI Petroleum & Gas is an international comprehensive industrial group committed to Greener,

## Kerui drilling rig

Intelligent, Safer and More Efficient Energy Extraction, ...

We focus on integrated international drilling and workover engineering services. The company has the capabilities of integrated wellbore engineering services such as pre-drilling, drilling, ...

Our rigs and technologies are applied in ERD wells, multi-branch wells, HTHP wells, huge thick gypsum rocks, and other complicated operation conditions. Kerui Richest Oilfield Services ...

Product introduction Artic drilling rig is the arctic onshore cluster well with the maximum drilling depth of 4000-7000m. It is mainly used for exploration and development of oil & gas at low ...

Product introduction The drilling rig area management system (ZMS) establishes a motion model in the controller by analyzing the workflow and motion trajectory of the swimming system and ...

KERUI Petroleum has 7 large top-class oil equipment manufacture bases which included 9 series and more than 300 categories. Drilling and workover ...

Kerui owns China Shengli petroleum and petrochemical R& D middle, Shandong offshore drilling equipment engineering and expertise middle, Kerui petroleum engineering and know-how ...

The truck-mounted drilling and work-over rig provided by Kerui Petroleum & Gas Equipment is customized for the special service environment, which can adapt to 55 ? high ...

As a China top oil drilling rig solids control system manufacturer: GN Solids Control now list the top 10 oil drilling rig manufacturers for your reference. ...

Covering an area of 600,000 square meters, KERUI'S drilling equipment production base is provided with 350+ technology R& D employees and 400+ sets of production equipment as ...

Scope of service: Integrated drilling service (including drilling, logging, mud, directional, DST, coiled-tubing etc.) Project Bright Spots: Completed 7 exploratory wells in 4 years, including the ...

KERUI has offered 480+ sets of well drilling and workover equipment in 60+ countries and regions. We are committed to offering you customized, highly efficient drilling & workover ...

Super single drilling rig is a kind of full - hydraulic driving rig, which is designed and developed by KERUI, with the features of high automation, small ...

Kerui Petroleum & Gas Delivered the Drilling Rig for Geothermal Project in Ethiopia Successfully DAR ES SALAAM, Tanzania-- (BUSINESS WIRE)--Recently, the second set of 1500hp ...

## Kerui drilling rig

Recently, a set of 750 desert drilling rigs and supporting equipment were successfully shipped to Africa from KERUI Petroleum & Gas assembly well site. The client of ...

The electric control system product series of KERUI drilling rig can be applied to DC and AC variable frequency electric drive drilling rigs and workover rigs, and can meet different ...

SLB Changhe Integrated drilling service project in China Scope of service: Integrated drilling service Project Bright Spots: the project executed since 2014, 3 sets 1500HP drilling rig, ...
