

Laiwu screw air compressor recycling company

Who is screw compressor technologies?

Screw Compressor Technologies (SCT) located in Buffalo, New York has been in the air end rebuilding business since 1980. SCT will rebuild and restore any air and gas compressing unit to their Original Equipment Manufacturer (OEM) specifications.

How do I dispose of old air compressors?

One option is to take it to a recycling center that specializes in scrap metal. They will often accept air compressors and other metal appliances and dispose of them safely. Another option is to contact your local waste management company to inquire about their e-waste disposal services.

Who is Laiwu Steel?

Laiwu Steel is one of the first batch of enterprises in China's metallurgical industry to pass the national certification of ISO9001 quality system, ISO14001 environmental management system and OHSAS18001 occupational safety and health management system.

Can you recycle an air compressor tank?

While the metals of an air compressor, including the motor, can be sold for scrap, the tank itself can be recycled. However, you will need to call ahead to a scrap metal recycler to ensure they can accept it. Alternatively, there are DIY projects that can be done with an air compressor tank if you have time and want to reuse it.

What limits the possibilities of repurposing an air compressor?

The possibilities of repurposing an air compressor through a DIY project are only limited by your own creativity and imagination, and the resources available.

Can an air compressor be placed in a trash can?

No, an air compressor is too big to fit in the trash can. It typically consists of a motor, a tank, a pump, and some cords. To dispose of it, you'll need to separate every part possible for recycling.

Next, you'll need to check with your local waste management facility to see if they accept air compressors. Some places have specific ...
