

Land drilling rig specifications

What is a land drilling rig design?

This is a key feature in modern land drilling rig manufacturing. In addition to that, this rig design features a wide work area with large space for rig equipment. This allows for faster and better automation of the drilling process while keeping personnel safer at reduced risk.

What equipment does a land drilling rig need?

This document provides an equipment list for a land drilling rig, including specifications for the mast and substructure, drawworks, hoisting equipment, rotary system, power supply systems, drill string and handling tools, well control equipment, mud system, and additional miscellaneous equipment.

What are the features of land drilling rigs?

Features of Land Drilling Rigs 1. Land Drilling Rigs are designed to be sturdy and mobile. They need to be able to withstand the harsh conditions of the ocean, as well as be moved from one drilling location to another. 2. Acquisition of information and the safeguarding of production.

What is a land rig?

A land rig is a drilling rig used to drill holes onshore rather than offshore and requires a crew to function. With onshore drilling, shales are readily available, and equipment can easily be moved from site to site with the help of skids and other resources that make drilling sites flexible and mobile.

How deep can a 750 hp land rig Drill?

In addition, we can also maintain and repair your top drives and supply a highly-skilled drilling crew to operate your rig. With a static hook load of 1,700 kN, our 750 hp land rig is equipped to reach a drill depth of 3000 m (9,840 ft) using 4-1/2" drill pipe. The maximum drill depth with a 5" drill string is 2500 m or 8200 ft.

Who is a land drilling rig manufacturer?

Sino Mechanical, as a Land Drilling Rigs manufacturer, has more than 20 years extensive experiences in the performance, application and cost-effective manufacturing of Land Drilling Rig. We are global Land Drilling Rigs supplier. We offer a wide range of drilling equipment and have Land Drilling Rigs for sale. We also provide OEM services.

1000HP Electrical Land Drilling Rig Model ZJ40/2250D and Model ZJ40/2250DB, 1000HP, electrical land drilling rigs are designed to drill and complete oil and ...

1000HP Mechanical Land Drilling Rig Model ZJ40/2250L and Model ZJ40/2250LB, 1000HP, mechanical land drilling rigs are designed to drill and complete oil and gas wells with a depth ...

Drillmec rigs are available in a wide range of specifications in order to fit custom configurations and

Land drilling rig specifications

capabilities; together with the conventional land rigs illustrated in this catalog, Drilmec ...

STANDARD FORMAT EQUIPMENT LIST LAND DRILLING UNITS (LAND RIGS) NOTE: THIS FORM IS A SUGGESTED GUIDE ONLY AND USE OF THIS FORM OR ANY VARIATION ...

Model ZJ50/3150D/DB and ZJ50/3150D/DB, 1500HP, electrical onshore drilling rig, designed to drill and complete an oil and gas well with a depth of not more ...

Self supporting telescopic double mast. b) Mast shall be capable of handling at least a dynamic load of 9 5/8" 32 Lb/ft casing in air at 270m tvd plus an overpull of 100 Klbs. c) Mast fitted with ...

COURSE OVERVIEW This course is intended to develop skills to conduct Inspection and Acceptance Tests on drilling and work over rigs based on API, ANSI, ISO and IADC standards ...

Selecting the correct rig is paramount, as it influences both productivity and profitability. These are the primary drill rig types you'll encounter: Land Rigs: Used for onshore ...

Drilmec started first with the introduction of conventional land rigs that inculcated Massarenti & Branham-design. Today they are full range land rig packages ...

750HP Truck Mounted Land Drilling Rig The truck-mounted land drilling rigs are designed and manufactured in accordance with API Specs Q1, 4F, 7K, and ...

Drilmec's deep roots in the manufacturing of drilling rigs start back in 1929 and since then continuously improved rig design by raising the pull-up capacity, enhancing safety, optimizing ...

With Rystad Energy's Land Rigs Solution, you will acquire a detailed understanding of global land-rig activity, regional demand, global fleet size and much more. Extensive rig supply data ...

1500HP Mechanical Land Drilling Rig Model ZJ50/3150L and ZJ50/3150LB, 1500HP, mechanical land drilling rig is used to drill and complete 5000m deep ...

This document provides an equipment list for a land drilling rig, including specifications for the mast and substructure, drawworks, hoisting equipment, ...

The Nabors rig fleet represents one of the world's youngest and most advanced fleets in the gas drilling and land drilling industries. Based on our worldwide drilling experience, Nabors has ...

The 1000HP skid-mounted land drilling rig is designed to meet the demanding requirements of onshore drilling operations. With a powerful 1000HP DC electric drive, this rig offers stepless ...

Land drilling rig specifications

Our land drilling rigs are the cutting edge of technological innovation, power, precision and design. Our rigs can go where you need to go, drill as deep as you need to drill in the toughest ...

A Drilling Rig for Every Application You have the requirements, we have the rig. At our production base in China we design and develop oil, gas, and geothermal drilling rigs for drill depths ...

Drillmec onshore drilling rigs are designed to work in harsh climatic conditions and environments and capable of handling the most challenging client drilling ...

POWER PACKAGE 2.1. RIG POWER SYSTEM Four (4) New Caterpillar Model 3512C petroleum land electric engine rated for 1476 BHP @ 1200 RPM per the following specifications:

Well-maintained 3,000hp Triple Mast Pad Land Drilling Rig with advanced features and capacity for 46 berths. Built by Lee C. Moore in 2014.

Jereh truck mounted drilling rig is mechanically and hydraulically driven, featuring high operation load, reliable performance, excellent off-road performance, ...

Specifications for drilling rigs include table opening, pull-up, top head travel, and lift capacity. Drilling rigs are equipped with pumps that dispense drilling fluid or drilling mud to remove ...

This specification outlines the requirements for a 2000 HP land drilling rig capable of drilling wells up to 22,900 feet with 4-1/2 inch drill pipe. It provides details on ...

Land rigs As mechanization made the hunt for hydrocarbons more ef-ficient, it had a direct efect on land rig design. The first land rigs were permanent wooden structures and would be left in ...
