

## Lang Im300 drill rig

What makes the Im300 a good drill?

Optional BQ(TM) head and BQ rod holder further minimizes the weight of this drill. The direct drive 400 series feed frame is fitted with a regenerative circuit that provides high rod handling speed, increased safety and significantly reduced maintenance requirements. The LM30SS is capable of both wireline and conventional coring. 1. MOBILE UNIT

Why should you choose Lang machines?

Our hallmark: Reliability and precision covering the complete range Tool and mould makers are working at the highest levels of milling technology. From single workpiece to high volume production you will find a solution for your application in our product range. Users from different industrial areas point great demands to LANG machines.

Where is Lang Technik made?

In our blog, we regularly address topics that our customers and we deal with on a daily basis. Made in Germany - at home worldwide. Over the past two decades, LANG Technik has set standards in the field of workholding and automation. Today, we are at home at machining companies all over the world.

These features make the LM75 a highly reliable drill when drilling in harsh conditions. The LM75 was designed as a modular drill rig with a number of ...

Bay Shore LoDril™; Drilling Attachment The LoDril™; is a high performance drilling attachment which will turn your excavator into one of the most versatile and ...

LGR-S The LGR-S and LGT-S are ultraprecision machines for engraving 2D and 3D data on tire sidewall moulds. The machine body is a heavy-duty, torsionfree, tubular steel construction ...

The AirROC D35\* is the smallest and most popular of our crawler mounted, Down-the-Hole drilling rigs. This robust pneumatic rig is self propelled, easy to operate and simple to maintain. ...

Commissioning ProCESS Drilling Safety refer to the Drilling safety guide in front of the parts book. Train drill crew in safe drilling procedures and practices. Ensure that all safety guards are left ...

Description Used Bay Shore LoDril LM-30 Rotary Piling Rig for sale. 12,956 Hours Mounted on CAT 315C Base Carrier CAT 3046 T Tier 2 Engine - 115 HP Equipped with 5-part square ...

The MDR500 is a mobile underground diamond drill rig designed exclusively for Boart Longyear(TM) Drilling Services. It leverages the upcoming LMi power and control interface ...

## Lang Im300 drill rig

Mitchell Drilling International specialises in the design and manufacture of a range of containerised drilling and ancillary equipment. The purpose-built units are ...

CME track drills 45C/300, 55/300, 55LC/300, 55LCX/300, 850X, 850XR are efficient auger, core, rotary rigs for geotechnical, environmental, mineral exploration.

You need underground diamond core drilling solutions for both shallow and deep hole, small and large diameter core, including wireline and conventional.

The LMIOOA is a small class pneumatic crawler, capable of drilling 1 to 4 inch (44 - 114 mm) diameter holes. It can be equipped with either of two drifters or a BRH rotary head for ...

Description Used Bay Shore LoDrill LM-30 Rotary Piling Rig for sale. 12,956 Hours Mounted on CAT 315C Base Carrier CAT 3046 T Tier 2 Engine - 115 ...

LM90 & 110 UG Geodrill operates a fleet of ten (10) underground LM 90 & 110 drill rigs that provide mineral exploration and grade control drilling services. The ...

The LM(TM)75 is a mid-sized underground diamond coring drill rig designed for medium to deep hole drilling, featuring a modular design and high pullback force. It offers various options for ...

Providing reliable, high-performance deep hole drilling with economical maintenance costs, our LM(TM) Modular Diamond Drill System is used ...

Sun Machinery is the place for contractors to buy and sell rigs and vessels and related equipment. Our database contains thousands of used equipment for sale, which are presented and ...

Mobility Engineered for mobility, the LFTM90D surface coring drill features a telescoping mast with dump capability. The telescoping features afford a compact size during transport while the ...

A compact, mobile drill rig designed for quick setup and ease of moving site to site. Integrated positioner and turntable enables drilling at all angles.

The document summarizes the specifications of the Atlas Copco LM 100 surface drill rig. The LM 100 is a compact, economical surface air drill rig intended for ...

CYCLONE T10 DRILL RIG (Ref#10916T) Gardner Denver 5 x 6 mud pump, 12" kelly and a smaller diameter kelly, 3" table, 30" mast, single drum, mounted on 1977 ...
