

Liebherr drilling rigs

The new generation of Liebherr drilling rigs (LB series): higher torque, a wider range of applications and useful assistance systems for improved operator ...

Data sheet archive for piling and drilling rigs Latest data sheets Liebherr offers extensive information and performance data for all products. The downloads can be found in the ...

State-of-the-art drives The series of Liebherr rotary drilling rigs is equipped with powerful diesel engines especially designed for heavy-duty construction tasks.

This page provides you with Liebherr LB 45 Drilling rigs parameters, prices, pictures and other information. It is the main website for your Liebherr LB 45 ...

Efficient in every application The conception of the Liebherr rotary drilling rigs (LB series) is based on Liebherr's many years of experience with deep foundation applications and considers even ...

The Liebherr LB 36 drilling rig is designed for optimized drilling applications. All common drilling methods can be executed, e.g. Kelly drilling, continuous flight ...

Liebherr rotary drilling rigs were designed for heavy-duty construction tasks in the deep foundation industry and offer a wide range of possible applications. Kelly bars and rotary ...

The all-round piling and drilling rig LRB 16 owes its name to the sledge's travel distance of 16 m. It convinces with compact design and low operating weight, which results in low ground ...

The combined piling and drilling rig LRB 355.1 can be used for a great number of different applications including drilling with Kelly equipment, double rotary head, full displacement tool ...

Deep foundation engineering? Liebherr drilling rigs! Liebherr drilling rigs are used worldwide. There are virtually no limits to their operational capability. Whether in the desert or at icy ...

Drilling with Kelly equipment, double rotary head and continuous flight auger are common methods. The machine can be transported with lowered leader system which enables a fast ...

Liebherr LB 45 drilling rig, compared with its LB 36 predecessor, is designed to deliver higher torque, a wider range of applications, and added ...

The all-round piling and drilling rig LRB 18 owes its name to the sledge's travel distance of 18 m. It

Liebherr drilling rigs

convinces with compact design and low operating weight, ...

The control system - developed and manufactured by Liebherr - is designed to withstand extreme temperatures and the many heavy-duty construction tasks for which this machine ...

Liebherr LB 36-410, LRB 155, LB 28, LB 24, LB 16, LRB 125, and LRB 255 drilling rigs for sale. Find drill rigs, oil and gas equipment on Machinio.

The successful heavy-duty drilling rig LB 36-410 is used for the production of bored piles. Various methods such as Kelly drilling, continuous flight auger ...

Drilling assistant for single-pass method The rope crowd system, rotary drive and the amount of flowing concrete are optimally matched during drilling and subsequent extraction.

The LB 20.1 is Liebherr's smallest drilling rig. The range of drilling applications include Kelly drilling, continuous flight auger drilling (CFA) and double rotary ...

Liebherr piling and drilling rigs cover a very extensive range of applications: piling, vibrating, pressing and drilling. With the appropriate attachment tool, all deep foundation methods can ...

The series of Liebherr piling and drilling rigs is equipped with powerful diesel engines specially designed for heavy-duty construction tasks. Besides reliability, longevity and ease of service ...

The LB 30 unplugged is a deep foundation machine with an alternative drive concept. During operation the drilling rig can be connected to a conventional ...

Liebherr piling and drilling rigs cover a very extensive range of applications: piling, vibrating, pressing and drilling. With the appropriate attachment tool, all deep ...

The LB 55 drilling rig is the most powerful representative of the well-known LB series from Liebherr. Besides the common Kelly drilling other methods like ...
