

# Mianyang integrated crawler down-the-hole drill rig

The drilling rig has reliable performance and high rock drilling efficiency. The drilling speed on medium-hard rocks is 2-3 times that of low-pressure drilling ...

This tracked down the hole drilling rig has a compact and reasonable structure, ensuring excellent stability while also possessing outstanding mobility. It is widely used for drilling construction in ...

The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ergonomic cab. It integrates a DTH drilling system with a screw air ...

GL726 crawler down-the-hole drill carriage is mainly used for drilling blast holes in open-pit projects such as mining and quarrying, road construction, water ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

Basic Setting The pressure of all the company's drill rigs has been set before leaving the factory: YGL type low-pressure crawler DTH drilling machine: left ...

Portable Integrated DTH Drilling Rig Crawler-Mounted Surface Drill for Mining & Quarry Operations, Find Details and Price about Down The Hole Drill Rig Hydraulic Drill Rig ...

The crawler-mounted drilling rig is particularly designed for drilling big holes, such as blastholes and photovoltaic holes. Equipped with an enhanced gearbox and two rotation motors, the DTH ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Integrated Drilling Rig: Automatic rod changer integrated machine, equipped with a Two stages screw air compressor (15m<sup>3</sup>/Min, 18bar), drilling rod depth of 21 meters.

# Mianyang integrated crawler down-the-hole drill rig

Effect of use: Our crawler-integrated down-the-hole drill rig easily adapts to rugged mountain roads with its excellent off-road performance. Its efficient ...

Air capacity is the most important factor affecting down-the-hole performance. The engine and compressor in a SmartROC drill rig are controlled by an intelligent system which delivers more ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes, It is driven ...

Kaishan KT15C blast hole drilling rig delivers fast, powerful drilling for mining and construction, operating reliably in extreme climates. Contact us now!

Compared with traditional split drilling rigs, the integrated design highly integrates the power system, control system, pneumatic system and crawler chassis to form a compact, stable and ...

Crawler type down the hole drilling rig provides integrated drilling solutions for mining, tunnel excavation and other scenarios, significantly improving construction efficiency and shortening ...

The drilling rig has the characteristics of energy saving, high efficiency, safety and environmental protection, flexible mobility, easy operation, stable ...

We're professional down the hole drilling manufacturers and suppliers in China, specialized in providing high quality customized service. We warmly welcome you to wholesale down the ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

The SWDI 140C-DTH is an advanced integrated crawler mounted surface hydraulic down-the-hole (DTH) drilling rig, engineered for precision in rock drilling and mining operations. Discover ...

It can drill vertical, inclined and horizontal holes of 115-152mm, mainly used in open air Drilling blasting holes and pre-splitting holes in mines and stonework. The drilling rig is equipped with ...

TAIYE-D6-DTH Full Hydraulic Crawler Mounted Large Diameter Blast Hole Surface Down-the-Hole Drill Rig TAIYE-D6-DTH is a high-efficiency integrated ...

PD INNOVATE PDKJ- 843B Integrated Automatically Changing Rod Down -the- hole Drill rig Features:

# Mianyang integrated crawler down-the-hole drill rig

PDKJ-843B Integrated Blasting Hole Down-The-Hole Drill Rig ...

Crawler Blasting Rig ZT5 Mining Blast Hole Down The Hole Drilling Rigs With Built-in Compressor ZT5 integrated open-air DTH drilling rig is an advanced ...

The KQZD series down-the-hole drill rig is a highly efficient and flexible open-pit crawler rock drilling device. It transmits impact energy to the drill bit through a hammer, which ...

Product Description Product Description PD INNOVATE PDKJ- 103 Integrated Automatically Changing Rod Down -the- hole Drill rig Features: 1: Automatic receiving and ...

PD INNOVATE PDKJ- 847 Integrated Down -the- hole Drill rig Features: KH847 Integrated Blasting Hole Down-The-Hole Drill Rig 1:Enhanced steel propulsion beam, ...

Shandong Quanhua Technology Engineering Co., Ltd manufacturing and sales of kilometer drilling rigs, core drilling rigs, pipe thread lathes, import.

Epiroc GIA full hydraulic down-the-hole drilling rig, adhering to ATLAS Group"s leading technology, has high reliability and high drilling quality. It integrates down-the-hole drilling rigs ...
