

Mineral exploration drilling rigs for sale

What types of drill rigs are available?

The Drill Source database of drill rigs suitable for Reverse Circulation, Down Hole Hammer, Diamond Core, Sonic, Geothermal, Geotechnical, CSG, Environmental, Oil and Gas, Water Well, Mineral Exploration, RAB, Air Core and Blast Hole Drilling requirements.

Where can I find used drilling rigs?

You've reached the new home of DM series rigs engineered specifically for water well and geothermal contractors. Welcome to the "Used Drill Rigs" section of the Geoprobe website. This is a free service we offer for listing used drilling rigs for sale and other drilling equipment.

What are exploration rigs used for?

Exploration rigs are used for mineral exploration and discovering materials beneath the Earth's surface. Our inventory includes a selection of models that are designed to tackle different terrains, depths, and specifications. A geotechnical drill rig is essential for construction projects.

Where can I buy used drilling equipment?

Our used inventory for sale at Rig Source caters to various drilling needs, and we offer models from reputable drilling equipment companies such as Geoprobe, Diedrich, Mobile Drill, CME, and more.

What is a drill rig?

In the simplest terms, a drill rig, also called a "drilling rig" or just "rig," is a machine or equipment that's used to create holes, or "wellbores," in the earth's surface in order to drill for oil, natural gas, water, or other resources.

Is it worth buying a drill rig?

Owning a drill rig can be a significant investment, but we make it worth it at Rig Source. Used drilling equipment can often be just as reliable as brand new rigs and can be great candidates for a rebuild, depending on their condition. Auger drilling rigs are essential tools in various industries.
