

# Mining drilling rigs

Drilling rigs designed for geotechnic work, rock mechanics and mining, core sampling, penetra-meter SPT probes, with widia crown bits or diamond concret crown bits.

CME manufactures drill rigs, drilling equipment & drill rig tooling for geotechnical, environmental, mineral exploration, construction industries worldwide.

The mining drilling equipment uses wireline coring diamond drilling techniques to drill holes for coring. The modified equipment is the leading model for solid ...

Whether you need a pilot hole in a marble quarry, a core sampling hole, a blasthole for construction or mining in a drill-and-blast operation, we have the drill rig that will suit your needs.

With a complete range of equipment and tools, services and technical solutions, we help the mining and infrastructure industries increase efficiency, cut costs ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

Our robust product portfolio includes drill rigs, jackhammers, underground rock drills, DTH hammers, hydraulic drifters, demolition tools, drill bits and a wide ...

Discover how drill rigs enhance surface and underground mining. Learn their role in efficient extraction, safety, and modern advancements in the ...

Our drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries.

Drilling rigs manufacturer-Hardrock specializes in manufacturing and designing the bore drilling rigs for varies of drilling applications.

CME manufactures drill rigs and drilling equipment for the geotechnical, environmental, mineral exploration and construction industries nationwide.

Diamec core drilling rigs For underground core drilling exploration tasks, Epiroc offers the well-established

## Mining drilling rigs

and trusted Diamec range of machines. Diamec ...

Underground drill rigs are our specialty. Explore one of our eleven jumbo drills, each differing in application, size, power system and number of booms.

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Mining Drilling Machine Experience exceptional quality, unmatched support, and innovative solutions with Drillrigy's range of drilling machines. Let Drillrigy take ...

Cat Rotary Blasthole Drill Rigs offer substantial technology, efficiency and productivity improvements to efficiently reach your mining targeted productivity rates. Learn more about ...

Drilling and blasting are commonly adopted techniques for overburden removal and ore excavation in opencast as well as underground mining operations. Blast hole drilling also ...

When mining, having the right drilling equipment is crucial for success. Every piece of gear, from drill rigs to down-hole drills, plays a vital role in the ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line ...

Over the past few decades, drilling technology has rapidly evolved, with several innovative solutions emerging in recent years to address ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Discover what underground drilling rigs are, how they work, key types, and their applications in mining, tunneling, and construction projects.

Mine Master drill rigs (also known as underground drill rigs, master rigs or face drilling rigs) are primarily utilized in underground mines (hard rock & soft ...

In the industrial world, drilling rigs are essential tools that support various drilling activities. Whether for mining, construction, or geotechnical applications, ...

Massenza Drilling Rigs develops and manufactures mineral exploration drilling rigs for mineral research and core drilling in mine. Discover more!

## Mining drilling rigs

Manufacturers of the Rotary Drilling Rig Machine. REL Specialized in Rotary Blast Hole Drill Rig, Down the Hole Drills for Mining, Quarrying & Construction.
