

## Mobile jumbo drill rigs for tunnels

Kaishan Jumbo Tunneling KJ311 Hydraulic Underground Mining Drill Rigs KJ311 is a hydraulic drifting jumbo designed for 12-35 m<sup>2</sup> cross section in ...

The Boomer S10 face drilling rig is engineered for demanding mining and tunneling applications. Its highly durable design ensures precise positioning, rapid drilling cycles and reliable ...

Jumbo tunnelling drilling rig is designed for drilling vertical, inclined and horizontal blast holes, which is specially designed for low roadway, and widely used in ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Underground drill rigs are our specialty. Explore one of our eleven jumbo drills, each differing in application, size, power system and number of booms.

Find out all of the information about the Epiroc product: tunnel jumbo drilling rig Boomer S1. Contact a supplier or the parent company directly to get a quote ...

ZEGA UJ21D Jumbo Drill Rig ZEGA UJ21D drilling rig is widely used in underground mine development, small-sized tunnel excavation, and also for reinforcement applications such as ...

Jumbo Tunnelling drilling rigs of MT series are designed to drill blast holes in underground mining and tunnelling. They are applicable for hard rocks mine ...

Sandvik DT912iD is a self-contained, diesel-hydraulic high-reach single boom jumbo. Designed for fast, accurate drifting and production drilling, it is ideal for ...

KJ421 hydraulic tunneling drilling rig is a two-boom jumbo designed for drilling vertical, inclined and horizontal blast holes and bolt holes.

Sandvik DT821 is a two-boom jumbo designed for fast, accurate tunneling and cavern excavation drilling. It can be equipped with hydraulic or electronic ...

Drill jumbos are mechanized excavation machines used in underground works to drill blast holes in rock surfaces with accuracy and speed. Mounted on mobile carriers and ...

CYTJ45A single booms drilling jumbo rigs are core equipment for drilling and blasting in mines and

## Mobile jumbo drill rigs for tunnels

underground projects. They are mainly suitable for ...

The document provides a comprehensive overview of hydraulic drill jumbos, covering their operational principles, components, and maintenance requirements for effective drilling in ...

Hanfagroup underground tunneling series of drilling RIGS are widely used for underground mining, small tunnel tunneling and bolt hole reinforcement projects. Their well-designed shape, ...

Sandvik DT821 is a two-boom jumbo designed for fast, accurate tunneling and cavern excavation drilling. It can be equipped with hydraulic or electronic drilling systems. Automatic functions ...

Siton DW2-120 two booms drilling jumbo is specially designed for tunnels of high-speed railway, water conservancy and hydropower projects, national defense ...

Z20 two booms underground drilling jumbo is specially developed and manufactured for tunnels of high-speed railway, water conservancy and hydropower projects, national defense and other ...

Find reliable tunnel mine drilling rigs for underground excavation. Shop our range of hydraulic drilling machines from top suppliers. Perfect for mining and tunneling.

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

Survey of Chinese drilling jumbos - TunnelTalk The CMJ14 hydraulic single boom jumbo is an 8 tonne diesel powered rig (again with an electric option) and is designed for working a ...

General description of KJ311 Tunnel mobile tamrock jumbo drilling machine rig. KJ311 is a hydraulic drifting jumbo designed for 12-35 m<sup>2</sup> cross section in underground mining operations. ...

CYTJ45 single booms drilling jumbo rigs are core equipment for drilling and blasting in mines and underground projects. They are mainly suitable for ...

UJ18 jumbo is a hydraulic rock drilling rig for narrow vein underground mines and small-sized tunnels. With a directly controlled hydraulic system, the four-wheel ...

KJ211 full hydraulic Tunnel Boring Drill Rig is suitable for small and medium-hard rock mining section roadway excavation work, roadway 15m<sup>2</sup> (width 4.2m &#215; ...

Z20 two booms underground drilling jumbo is specially developed and manufactured for tunnels of high-speed railway, water conservancy and ...

## Mobile jumbo drill rigs for tunnels

Underground Mining Equipment Hydraulic Drilling Jumbos (for Tunneling) Hydraulic Drilling Jumbo with Two Booms, HT81/2 HT81/2 hydraulic drilling ...

Drilling jumbo, minging boomer, face drilling rig is our main product which obtained ISO9001:2000 quality standard. And our drilling jumbos are used to excavate tunnel in mining, metallurgy, ...
