

Oil drilling rig rental

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

Does C-Mor energy services have oil drilling rig rental equipment?

C-MOR Energy Services rents out oil drilling rig equipment, including BHA racks, bit houses, catch tanks, drive overs, flare boxes and lines, hose houses, and mud trailers.

What types of drill rig rentals are available?

In our rental equipment inventory, we offer various types of drill rig rental options: coring rigs, exploration rigs, direct push rigs, geotechnical rigs, environmental rigs, truck haulers, and support equipment. A core drill rig is a specialized piece of equipment for core sampling.

Do you offer specialized mining equipment rentals?

We offer specialized mining equipment rentals as well as surface rental equipment to satisfy the needs of these unique jobs, from drilling through project completion. Our oil and gas industry experts can guide you in finding the right equipment and tools.

What is an environmental drill rig?

Environmental drill rigs are a tool to investigate environmental conditions at a construction site. These rigs are important for identifying areas of soil or groundwater contamination and making sure that projects align with environmental regulations. Our rig rental options include brands like Diedrich, CME, Mobile Drill, and more.

Which coring rigs are available for rent?

At Rig Source, we have a variety of coring rigs for rent from top-of-the-line brands including Geoprobe, Versatran, and GTech. These rigs are primarily used for mineral extraction, and our exploration drilling rigs help discover valuable resources below the Earth's surface.
