What is an offshore rig company?

An offshore rig company, also known as an offshore drilling business, is a specialized business that provides offshore oil and gas production services. These companies operate, manage, and maintain offshore drilling rigs, platforms, and associated equipment in oceans or seas.

Where can I find the best offshore drilling companies for free?

Find the right companies for free by entering your custom query! Diamond Offshore is a leader in offshore drilling, providing contract drilling services with a fleet of 12 rigs, including eight semisubmersibles and four drillships.

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.

What is an offshore drilling company?

First, let's take a look at the definition of an offshore drilling company. An offshore drilling company engages in the process whereby a wellbore is drilled under the seabed. This is mostly done to be able to extract petroleum, which is generally present in the rock formations that lie below the seabed.
