

Pace x drilling rig

About Drill Rigs Drill rigs for oil, natural gas, water wells, and other uses can be small to mid-sized portable units mounted on trucks or trailers, or large permanent structures onshore or offshore.

Nabors has launched its first PACE-X rig featuring the quad drilling design. The rig's mast features an additional 31-ft section to allow for four joints of pipe in the setback. Nabors ...

When picking up a rig from a new drilling contractor, there is often a discovery period as teams work to align on processes, expectations, and ...

The PACE-X800 rig is a cutting edge rig design optimized for drilling multiple wells on a single pad. It can move in any direction along the X and Y axis, and is capable of moving over ...

The Nabors PACE-X Rig X29, equipped with the RZR Rig Floor Automation Module, is drilling its fourth pad in the Permian Basin! Drilling wells as fast as 12 days with zero recordable ...

Nabors Industries Ltd. has announced its PACE -R801 - the world's first fully automated land drilling rig - has reached total depth on its ...

research and engineering expertise, the PACE-X rig is a rig industry -- a rig for today, and a rig for tomorrow. So when we built designed for well manufacturing in the Shale Plays. A high ...

Happen upon Nabors Industries' newest drilling rig in Midland County, and one might think the rig is drilling a well by itself. The new PACE ...

Combining Nabors proprietary Smart Suite of automated drilling software with Canrig robotics on the PACE-R801 creates an unmanned rig ...

Record-Setting Drilling in the Delaware Basin Nabors deployed their advanced PACE-X rig to drill three wells, each featuring four-mile laterals --an impressive feat in terms ...

The Nabors PACE-X Rig X29, equipped with the RZR Rig Floor Automation Module, is drilling its fourth pad in the Permian Basin! Drilling wells as fast as ...

Nabors Industries Ltd. unveiled a fully automated land rig on Nov. 16 with a "first-of-its-kind robotics module," marking a major industry milestone. In 2021, Nabors and Exxon ...

Racking Capacity Upgrade A recent engineering advancement from Nabors is the upgraded racking capacity

Pace x drilling rig

on the PACE-X rig, now capable of housing up to 35,000 feet of 5 ...

Featuring the same advanced multi-well pad drilling capabilities of the PACE-X800 rig, the PACE-X800 quad design rig includes an additional 31-foot section to allow for four joints of ...

Nabors deployed their advanced PACE-X rig to drill three wells, each featuring four-mile laterals --an impressive feat in terms of both engineering and execution.

When drilling laterals at or greater than 7,500 feet, the PACE-M800 rig's racking capacity eliminates the need to lay down drill pipe between wells on the same ...

Capable of moving in any direction over existing wellheads, the PACE-X features a modular design and Side-Saddle substructure, enabling scalability and delivering unparalleled ...

In case you missed it! Last month, our PACE-X800 Rig #X51, a brand new quad rig design, was featured on the World Oil magazine cover for drilling an 18,000-20,000-ft, MD, ...

Whether it is a FlexRig (Helmerich & Payne), ShaleDriller (Independence Contract Drilling), APEX (Patterson-UTI), PACE-X (Nabors ...
