

Pioneer drilling rig 72

How many rigs does Pioneer Energy Services have?

As of December 31, 2018, Pioneer Energy Services had a fleet of 113 rigs. The company was formerly known as Pioneer Drilling Company and changed its name to Pioneer Energy Services Corp. in 2012.

Are pioneer drilling rigs a good investment?

Pioneer's high-quality fleet of 17 drilling rigs in the United States, 16 of which are super-spec, will be a valuable addition to their business. Moreover, many of these rigs are capable of substituting cleaner-burning natural gas for diesel, a technology that is becoming increasingly important to operators for reduced emissions.

Who is Pioneer Energy?

Pioneer Energy is a designer and original equipment manufacturer of innovative technologies that enable producers to meet production targets while reducing emissions. Our cloud-enabled technologies increase hydrocarbon revenues, reduce field operations expenses, and provide resilience to changing regulations.

What certifications does Pioneer Energy have?

Pioneer Energy is an accredited ASME facility with certification stamp U. We are also certified to NBIC and maintain an R endorsement. 3rd Party Equipment can also be sourced by Pioneer Energy to complement our other systems.
