

Pionjar drill

What is a pionjar drill used for?

Applicable to no power, no gas source of the construction site. The Atlas Copco Pionjar Model 120 is a reliable and versatile rock drill commonly used in construction, mining, and tunneling projects. The Pionjar 120, for military use Backpack model for military and civil defense rescue The Cobra Combi (C) The Cobra Co

What is the pionjar 120 drilling system?

The Pionjar 120 Drilling System is a cost-effective solution for the environmental sampling of soils between 5 to 8 meters in depth. No longer are you restricted to large, truck mounted drilling rigs on environmental projects and sensitive work sites.

Can a pionjar drill get stuck?

The Pionjar and Cobra drills use hollow drill steels and actually produce their own supply of compressed air to help flush out the drill cuttings. The air flush is weaker than that of a pneumatic drill, so it is possible to get the drill stuck if you are not careful. What is the best way to drill a deep hole with a Cobra Combi or Pionjar?

What is a pionjar & AMS rotary drill?

Pionjar & AMS Rotary Drills Drilling Capabilities: Direct Push, and Solid stem augers Sample Size: 2" Average Depth: +/- 8' Strengths o Able to achieve quality samples from tight or difficult to access locations. o Small and very portable. o Great for sediment sampling Request a Quote Next Previous Request A Quote 8023 Edgar Industrial Crescent,

What is a pionjar hammer used for?

The Pionjar is a versatile tool that is powerful, portable and versatile. This 70-pound tool pulls double duty as both a rock-drill and hammer/breaker. This means you can use it to both core through concrete and drive a split-spoon to depth for sampling.

How does the pionjar 120 work?

The Pionjar 120 is portable, thus enabling the drill to be hand carried by our crews into sensitive or forested areas. The entire unit can also be moved on site by ATV, boat, raft, snowmobile, helicopter or airplane. Both the Pionjar 120 and the Electrical Drilling System are often transported with our crew by commercial aircraft.
