

Prospector 5 drilling rig

Is Borr drilling scrapping Prospector 5?

Worth noting, while Borr Drilling has recently started a "scrapfest" selling several older rigs bought as part of Paragon transaction for scrap, the Prospector 5, and its sister rig Prospector 1 should not fear the similar fate, any time soon.

Will Eni Congo drill a prospector 5 jackup rig in Q4 2022?

The Prospector 5 has been contracted by Eni Congo for a 6-well firm program expected to start in Q4 2022. Borr Drilling's Prospector 5 jackup drilling rig has reached the Central African coast where it is expected to start drilling soon for Eni Congo.

Is Borr drilling's Prospector 5 ready to leave Schiedam?

Borr Drilling's Prospector 5 jack-up drilling rig seems ready to leave Schiedam, The Netherlands, where it's been sitting for months. According to a photo and a LinkedIn post by Hans Tompot, the rig, previously owned by Paragon Offshore (a company recently taken over by Borr), is set to depart a yard in Schiedam.

Where will Borr drill rig Drill for Eni?

Borr Drilling's Prospector 5 rig has reached the Central African coast where it will execute a 6-well drilling campaign for Eni in Congo.

Will Prospector 5 be mobilized by a major offshore Congo rig?

In August 2022, Borr Drilling had announced the signing of a letter of intent worth \$68.9m for Prospector 5 to execute a 6-well firm program expected to start in Q4 2022 with a duration of 14 months plus options. Hawilti got confirmation from Eni officials that the rig is indeed mobilized by the major offshore Congo.

Who makes the Prospector 5 jack-up rig?

The Prospector 5 jack-up rig was built for Prospector Offshore by SWS in China in 2014. Prospector Offshore was then acquired by Paragon Offshore. The rig had spent three years working for Total in the North Sea between late 2014 and late 2017, at the Elgin location, in the Central Graben area of the UK's North Sea.
