

The document describes a RamRig drilling solution that uses hydraulic rams instead of a conventional drawworks and derrick for hoisting. It can operate on ...

The Drawwork and the drilling line are replaced with a system of hydraulic pistons and rams. Ram rigs can be used with singles or stands, depending on the height of the derrick.

Discover Borr Drilling's fleet, showcasing our global presence with advanced jackup rigs designed for safety and efficiency in diverse markets.

The ram drilling process is a drilling system in which drilling is carried out in rotating and striking motion. Also generally known as "rotational". It is one of various displacement methods, which ...

Reach depths of up to 3000m with our designed and built twin ram rig for geotechnical drilling. Get better control of sample quality and recovery.

RamRig Simulator HMH simulators offer a unique opportunity to train personnel in a realistic environment. The course gives a good understanding of HMH's drilling and ...

Rotary drilling rigs can be classified as land rigs and marine rigs. The main features of land rigs are portability and maximum operating depth. Land rigs are built so that the derrick ...

Maritime Hydraulics of Kristiansand, Norway, has developed a new concept for a drilling rig that utilizes long hydraulic rams for the basic lifting mechanism. By eliminating the ...

Water well drilling equipment, portable water well drilling, portable rigs, portable drilling rig, drill your own water well, home water well, drilling bits, drag bit, Do It Yourself, DIY, ...

The Mobile Offshore Drilling Unit (MODU) is an ultra-deepwater drilling unit, designed to operate in water depth up to 12,000 ft, and with a drilling depth capacity up to 50,000 ft below the ...

Executive Summary WEST was commissioned by the United States Minerals Management Service (MMS) to perform the Shear Ram Capabilities Study. The main goal of the study was ...

RAM Drill line Spoolers and marine riser tensioner spoolers are available in pre-packaged designs capable of handling standard sizes of metal REELS.

This post explains the different types of blowout preventers (BOPs) in drilling, including annular, ram, and

Ram rig drilling

The Enterprise Class dynamically positioned (DP) drillships are dual-activity drilling rigs designed to drill, test, and complete ultra-deepwater ...

Do you know the difference between a pipe ram and a blind ram in drilling operations? Understanding this distinction is essential for effective control. Using the wrong ...

Drilling Rig Packages RamRig®; RamRig®; have successfully operated in international waters for oil companies such as BP, Chevron Texaco, Amerada Hess, Marathon Oil, Conoco and Shell ...

Island Innovator is equipped with a NOV 4000 HP ram-rig type cylinder rig, with hydraulic active heave compensation and separate pipe racking tower. It has ...

Do you know the difference between a pipe ram and a blind ram in drilling operations? Understanding this distinction is essential for effective ...

These rigs, of which two are in operation, provide dual rig functionality at a significantly lower total operational cost than a comparable conventional dual rig solution.

The RamRig is a compact drilling rig design that is also a fully automated rig with hands-free pipe handling and limited need for personnel to actually perform work on the drillfloor.

The Deeprock®; Ram 10 2024 model will drill to 400 ft and up to 8 inch bore hole, it uses 10 ft long 2 3/8 Mayhew drill pipe. It is fully hydraulic and has 4k of Power -Down and up ...

The introduction of the RamRig concept signifies, by its radical new design, a number of substantial savings to both the construction and operation of drilling and workover ...

In rig constructions two new designs have been introduced apart from the conventional hoisting system. The first one is the Maritime Hydraulics ...

Derrick Drilling tower Ram rig No 9 Guide track and dolly Dolly for guiding the DDM Guide track and dolly Yes (if used for lifting) No (if guiding only) NOTE New designs shall be classified ...
