

Review rigid cordless drills drive

What are the best cordless drills?

Here are the best cordless drills from Consumer Reports' tough tests, including models from top brands such as DeWalt, Milwaukee, and Skil.

Are Ridgid cordless power tools good?

Ridgid cordless power tools are great value for professionals with Pro-level performance. They often come out with class-leading tools, making them not just an entry-level brand.

What brands of cordless drills are available?

Price and stock could change after publish date, and we may make money off these affiliate links. Learn more. To find the best drill, 10 cordless drills from popular brands like DeWalt, Makita, Milwaukee, Bosch, Ryobi, RIDGID, Craftsman and more were tested and reviewed.

Should you buy a Ridgid drill at Home Depot?

It's a nice drill at a solid price and easily available at Home Depot. It's also one that, given the opportunity, we rarely reach for. If you have Ridgid batteries, it's a great choice, but starting from scratch, we'd opt for the Milwaukee 18-volt instead.

Can a cordless drill be used as a driver?

Most cordless drills have speed settings that allow you to reduce the speed of the drill to avoid stripping out screw heads when using the drill as a driver. You can also reduce a cordless drill's speed to increase torque, which is useful when drilling with larger bits.

How much does a Ridgid R86115K hammer drill cost?

The Ridgid R86115K 18V Brushless Hammer Drill costs around \$139 for the bare tool. As a kit, it runs for \$199 and includes a 4.0Ah Max Output battery, charger, and soft case.
