

Rizhao down-the-hole drilling rig rental information

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

What is xqz152 surface down-the-hole drill rig?

XQZ152 surface down-the-hole drill rig is a medium-sized integrated down-the-hole drilling machine mainly developed for quarries, cement mines, open-pit mines and other mines, which can complete the drilling of main blasting holes and pre-splitting holes.

What is an environmental drill rig?

Environmental drill rigs are a tool to investigate environmental conditions at a construction site. These rigs are important for identifying areas of soil or groundwater contamination and making sure that projects align with environmental regulations. Our rig rental options include brands like Diedrich, CME, Mobile Drill, and more.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

What is a core drill rig?

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes in the surface, simplifying the drilling process and eliminating the need for purchasing specialty equipment.
