

## Rock drill sandvik

Sandvik RD314 is a compact, robust and universal hydraulic percussive rock drill. It is known for its hydraulic efficiency and high penetration rate. Sandvik RD314 has excellent serviceability ...

Designed for DL311 and DL321 underground longhole drills, Sandvik HL820ST hydraulic top hammer rock drill can drill holes ranging between 54-89 mm in diameter and 38 m in depth.

Sandvik 365 Parts & Services offer a variety of possibilities to enhance your Sandvik DD422iE drill's performance. As an OEM, we provide the best-suited choices to preserve your ...

Sandvik Alpha(TM) is a market-leading drill system for both tunneling and mine development applications. The benefits of using it are great: you can reduce your rock tools costs with up to ...

Sandvik HL820T is a heavy hydraulic percussion rock drill designed for drilling 64-127 mm diameter holes in Sandvik surface longhole drill rigs. Features include independent rotation ...

**TECHNICAL SPECIFICATION** Sandvik HEX1 hydraulic rock drill is designed for a maximum recommended diameter of 45 mm. Typical application is foundation drilling, road cutting, ...

Sandvik RD927L is a hydraulic top hammer rock drill designed for Surface tophammer rigs. It is capable of drilling 89 - 140 mm holes up to 36 meters in depth. Optimal hole range is from 89 ...

Intelligent development drilling with Sandvik DD312i - a cutting-edge- drill delivering high performance and advanced technology for underground mining.

A major breakthrough for us here at Sandvik was the integral steel in the late 1940's. Overnight, this material revolutionized rock drilling a hundredfold and significantly improved production as ...

Sandvik's mining rock drilling machines, brought to you by Rocksan Group, epitomize this journey. With precision engineering, advanced automation, and ...

Sandvik drill rigs are a trusted brand offering high-quality drill solutions for industrial use. Sandvik's drill rigs have a wide range of applications in construction, mining, quarries and ...

Sandvik HL1560T is a heavy hydraulic percussive rock drill with independent rotation and separate flushing, which ensures high reliability. It is equipped with hydraulic actuator ...

**APPLICATION** Sandvik DX700 is a hydraulic, self-propelled, self-contained, crawler based surface drilling

## Rock drill sandvik

rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod handling system. It ...

Our full selection of mining and surface equipment for rock drilling, crushing and screening, loading, tunneling, quarrying, breaking and demolition.

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

TECHNICAL SPECIFICATION Sandvik HL300 hydraulic rock drill is designed for long-hole production drilling on surface and rock bolting in hard rock bolting in underground hard rock ...

Optimise your drilling efficiency with Sandvik top hammer tools, delivering enhanced production, reduced maintenance, and sustainable operations.

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...
