What is a hydraulic rock drill?

Hydraulic rock drills offer high drilling speeds with minimal vibration, ensuring effective penetration in hard rock or reinforced concrete. They are lightweight yet powerful, making them ideal for quarrying, tunneling, or infrastructure projects.

What is the best hydraulic rock drill?

COP DS5 is an efficient hydraulic rock drill for Dimension Stone Industry and bench drilling of small hole diameters. RD 8 is a straight forward, high speed hydraulic rock drill for underground and surface applications. RD 14U is a straight forward hydraulic rock drill for underground drifting applications.

What are Epiroc rock drills?

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of your equipment, we offer a full line of support specific to these technologically advanced and developed components.

What is a Rd 22U Rock Drill?

RD 22U is a straight forward hydraulic rock drill for underground production drilling applications. Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of your equipment, we offer a full line of support specific to these technologically advanced and developed components.

Who makes hydraulic rock drills?

Dooford designs and manufactures hydraulic rock drills, also known as drifters or top hammers. We use solid Nordic mining and construction machine building know-how and the ability to demand high-precision component manufacturing. Our hydraulic rock drills are used in various industries around the world.

Does Marini offer a hydraulic rock drill attachment?

Marini designs and produces certified hydraulic rock drill attachments ready to be installed on mini, midi and big self-propelled machines. The MR-1 can be equipped with a pneumatic or hydraulic rotation motor (for use in DTH drilling), or with a top hammer rock drill for smaller holes.

Pneumatic rock drills Surface and underground rock drills, for light and heavy drilling jobs. From blast hole drilling, to quarrying, anchor and wedge hole drilling, raise driving and bolting, these ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

We supply drilling equipment and rock drill supplies for mining and construction projects in the USA and
