

Rotary blasthole drill rig

Sturdy work deck The rotary drill rig offers operators a well-designed work deck area built on a compact, powerful drilling platform that enhances stability and ...

Sandvik D55SP crawler-mounted blasthole drill rig excels at single-pass, vertical and angle drilling in soft and hard rock. It can single-pass up to 17 meters and ...

Sandvik D75KX blasthole drill offers intelligent features and enhanced operator ergonomics, creating the right balance of reliability, comfort, technology and ...

Efficient, accurate drilling starts you off on the right foot, increasing efficiency and reducing costs across the rest of your operation. With industry-leading features and technologies, Cat drills ...

The REL C750 D/E Rotary Blast Hole Drill Machines is designed to drill holes ranging from 9" (229mm) to 11" (279mm). Our Blast hole drill is available in ...

Manufacturers of the Rotary Drilling Rig Machine. REL Specialized in Rotary Blast Hole Drill Rig, Down the Hole Drills for Mining, Quarrying & Construction.

Sandvik D45KS drills holes down to a maximum depth of 63 meters (206.69 ft) and is designed for coal, gold and iron ore mining. It prioritizes easy ...

The PRD BH 45 250 rotary blast hole drilling rig is a specialized drilling solution designed for drilling for blasting in large-scale mines. It drills holes with a diameter of 165 mm to 240 mm ...

A combination of increased pulldown force, rotary torque, and 2600 cfm airend, the Pit Viper 291 drill rig is one of the most powerful drills for blasthole drilling. ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

The SWDRT series is rotary blast-hole drill rigs with high axial pressure, high torque, high rotation speed, large hole diameter and two rock drilling methods (down-the-hole and rotary hammer) ...

Designed to drill holes from 165-250 mm (6.5-9.875 in) in diameter, the MD6250 is is optimized for single-pass or multi-pass drilling in both rotary and down-the ...

Building on the solid legacy of proven designs, today's Cat's Rotary Blasthole Drills offers substantial

Rotary blasthole drill rig

technology, efficiency and productivity improvements to efficiently reach your ...

The rotary blasthole drill offers high performance in axial pressure, torque and rotation speed, and has the ability to perform a large hole diameter, adding ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

The Rotary Blasthole Drilling Rig Market size was valued at USD 3.63 Billion in 2024 and the total Rotary Blasthole Drilling Rig revenue is expected to grow at a CAGR of 4.51% from 2025 to ...

From onboard automation that increases drilling efficiency to full autonomous operation, this scalable solution is designed to meet customer needs both now and far into the future.

The Cat® MD6310 is a powerful, flexible rotary blasthole drill that offers a wide variety of features and options designed to meet your site's specific needs and ...

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

Sandvik DR416i blasthole drill rig delivers a single-pass capacity of 21 meters (69 ft), the longest in its class along with a maximum depth of 42.4 meters (139ft) ...

Cat Rotary Blasthole Drill Rigs offer substantial technology, efficiency and productivity improvements to efficiently reach your mining targeted productivity rates. Learn more about ...

The DM75 features an insulated, pressurized cab with tinted glass, a six-way adjustable suspension seat and excellent visibility. All operational functions are controlled from the ...
