

Sandvik rc drill rig

2008 Sandvik DE400 track-mounted exploration drill rig in a package deal with all of the hard work and expense already ...

Pantera(TM) DP1510i is an intelligent, hydraulic, diesel-powered, self-propelled top hammer drill rig. Designed for large hole drilling, it is suited to production ...

Sandvik Mining and Rock Solutions is introducing a new reverse circulation (RC) sampling option for its Leopard(TM) DI650i down-the-hole (DTH) ...

Extreme performance At Sandvik, we have worked with drilling solutions for more than 50 years and learnt a thing or two along the way. Our Ranger(TM) DX series surface top hammer drill ...

The SANDVIK Pantera DP 1600i is an advanced surface drill rig designed for efficient and high-precision drilling in demanding conditions. Equipped with a ...

Explore the precision and efficiency of the Sandvik DD422iE electric drill rig, a top-notch solution for development drill rigs in mining operations.

Equipped with Sandvik Bolting Head (SBH) and high-frequency RD314 drifter, Sandvik DS311 is a highly versatile and compact rock bolter designed for rock ...

SANDVIK DD210L UNDERGROUND DRILL RIG TECHNICAL SPECIFICATION Sandvik DD210L is a low profile single boom electro hydraulic drilling machine designed to work in excavations ...

Commando(TM) DC130Ri is a fully remote-controlled, rubber-tired top hammer drill rig designed for road construction, demolition works and other applications. Upgraded features make this a ...

Ranger(TM) DX810i is a hydraulic, self-contained, crawler-based surface drilling rig. The rig features Sandvik intelligence options, powerful RD900 rock drills, ...

TECHNICAL SPECIFICATION Sandvik DD321 is a compact two-boom jumbo for demanding conditions and multiple applications. The jumbo is capable of face drilling, cross-cut drilling ...

Sandvik DS211L-V is a single boom, low-profile drilling machine designed to drill bolt holes and long holes in excavations with headroom as low as 1.8 meters (6 ft.). It can install short bolts in ...

Ranger(TM)DX600 is a hydraulic, self-propelled and crawler-based surface rig with an ergonomic cabin and

Sandvik rc drill rig

rod handling system. Typical applications include ...

Swedish technology and global engineering group Sandvik Mining and Rock Solutions is adding a new reverse circulation (RC) sampling option ...

TECHNICAL SPECIFICATION Ranger DX900i is a hydraulic, self-propelled, self-contained, crawler based surface drilling rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod ...

APPLICATION Sandvik DX700 is a hydraulic, self-propelled, self-contained, crawler based surface drilling rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod handling system. It ...

Sandvik DD312i is an advanced single boom development drill for underground mine development and small scale tunneling. It features a compact carrier and ...

Sandvik DD312i is an advanced single boom development drill for underground mine development and small scale tunneling. It features a compact carrier and a wide range of ...

Leading Australian drill-and-blast contractor SRG Global has begun putting Sandvik's newest down-the-hole drill rig to use across its ...

Sandvik DL321 is a versatile longhole drill rig engineered for small-and medium-scale production drilling in underground mines. It is designed for vertical and ...

Sandvik DL421 is a versatile longhole drill rig engineered for large-scale production drilling in underground mines. It is designed for vertical and ...

TAKE A BIGGER PIECE OF THE PIE The new Ranger DX900i is the flagship model of our new Ranger DXi family. Featuring the most powerful rock drill in its class, Sandvik intelligence ...

Sandvik 365 Parts & Services offer a variety of possibilities to enhance your Sandvik DD422iE drill's performance. As an OEM, we provide the best-suited choices to preserve your ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

The system comprises a drill rig, rock drill and rock tools - all newly developed and designed to work seamlessly together for optimum ...

Common control system provides a consistent operating experience and improved control of rig functions across all iSeries surface rotary drills. Operators receive an unobstructed view of the ...

Sandvik rc drill rig

Intelligent longhole drilling with the Sandvik DL432i rig - a cutting-edge drill delivering precision and advanced technology for underground mining.

The DE840 is for serious RC drilling and features onboard air capability, a simple design for ease-of-maintenance and standard safety features to provide the operator with efficient operation ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that increases drilling ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

Ranger(TM) DX910i is the flagship model of Ranger(TM) DXi family. Equipped with Sandvik intelligence features, this powerful drill rig has an optimized drilling ...
