

## Schramm 200 drilling rig

What is a Schramm drill rig?

Schramm drill rigs are built your way, delivering maximum performance, reliability and operating efficiency in the most extreme environments. Get the edge you need to stay ahead of the competition. Schramm AirDrill Hammers & Bits provides purpose-designed, high quality RC hammers and equipment to a select group of customers.

Who makes Schramm drill rigs?

Schramm is a world class API-Q1, ISO-9001:2008 certified manufacturer of mobile, land based hydraulic drill rigs with global reach. With top head drives and hook loads to 500,000 pounds (226,796 kg), Schramm rigs are used extensively in the energy, mineral exploration, geothermal and water well sectors in more than 80 countries.

Why should you choose a Schramm rig?

In addition, its small footprint dramatically reduces environmental impact. When supplied with a tilting top head, this rig is fully compatible with LoadSafe, Schramm's trailer mounted, fully automated pipe handling system. LoadSafe offers the highest degree of operator safety available in the industry today.

What are Schramm telemast drills?

Schramm's Telemast equipped drills feature fast set-up, long top head travel, short transport length, small foot print, and low site impact. Rigs can be supplied with hydraulic breakout, power slips and the Schramm LoadSafe automated pipe handling system.

What rigs can be supplied with a Schramm LoadSafe automated pipe handling system?

Rigs can be supplied with hydraulic breakout, power slips and the Schramm LoadSafe automated pipe handling system. Trailer mounted drill pipe, collar and casing handling system safely and precisely lifts tubulars from horizontal position into alignment with tilting top head.

What is a T200XD rig?

PDF Catalogs | Technical Documentation | Brochure ENERGY WATER WELL T200XD RANGE III CAPABILITY IN A COMPACT OVER THE ROAD DRILLING RIG The T200XD is the drilling contractor's rig of choice for energy sector directional drilling and large diameter deep hole water well drilling applications requiring 200,000 lb hoist capacity.

6 Schramm TXDs 200,000lbs hookload rating Drilling depths of more than 10,000 with 4" full hole drill pipe Capable of running double ram and annular BOPs Load safe pipe handling system ...

The T200XD drill rig from Schramm is suited for directional drilling and deep water wells. It has a hoist
