

Shiloh offshore drilling rig

What is rig equipment?

Our Rig Equipment team designs, manufactures, and sells land rigs, complete offshore drilling packages, and drilling rig equipment and components designed to mechanize and automate complex drilling rig processes. Our prolific portfolio includes several industry-first equipment innovations including the top drive and iron roughneck.

What are offshore oil rig manufacturers?

Offshore Oil Rig Manufacturers specialise in offshore drilling and rig construction. These rigs drill into the ocean floor to extract oil or gas and have facilities for refining and storing the products until they can be transported to shore. The rigs are constructed in port cities and then towed to their destination.

What are offshore drilling packages?

Offshore Drilling Packages Improve safety and reliability while minimizing NPT Combining best-in-class equipment and comprehensive services helps you minimize NPT while maximizing rig efficiency, safety, and reliability.

How much money does offshore oil rig manufacturing make?

The revenue of offshore oil rig manufacturing is estimated to grow in the next few years. In 2024, the offshore drilling rigs market was valued at \$78.27 billion, and by 2034, it is expected to touch \$166.09 billion.

Who owns Gulf drill rigs?

As of the end of 2023, the company owned 19 rigs, three of which are leased to the GulfDrill joint venture (JV) for which operations are managed by Gulf Drilling International, and one of which is leased to the Sonadrill JV. The Sonadrill JV is managed by Seadrill and also holds two rigs owned by partner Sonangol.
