

Single-arm lift rock drill

Does Marini offer a hydraulic rock drill attachment?

Marini designs and produces certified hydraulic rock drill attachments ready to be installed on mini, midi and big self-propelled machines. The MR-1 can be equipped with a pneumatic or hydraulic rotation motor (for use in DTH drilling), or with a top hammer rock drill for smaller holes.

What are the advantages of imported hydraulic rock drill?

It is equipped with imported hydraulic rock drill as standard, featuring high rock drilling hardness, high drilling hardness, fast drilling speed, low drilling tool consumption and low failure rate. Adopt imported screw oil cylinder, high torque, high bearing capacity, no position offset, ultra-compact, good anti-fouling ability and durable.

What are the applications of Rock pilot+ drilling control system?

Typical applications are road cutting, pipeline drilling, foundation drilling and production drilling in medium size quarries and open pit mines. Maintain smooth rotation, solid rock contact, straight holes and fast penetration in different rock conditions with Rock Pilot+ drilling control system.

Who makes pneumatic rock drilling equipment?

Pneumatic rock drilling solutions by Ripamonti Drilling Equipment. As the exclusive United States distributor for Ripamonti, WORD Rock Drills proudly offers this premier line of high-quality drilling machines to accompany our standard lineup of skid steer and excavator attachments.

How does the APT M115 rock drill work?

A built-in stop rotation feature lets the user easily switch from drilling to percussion-only mode, providing added flexibility for different tasks on the job. Built for versatility, the APT M115 rock drill handles anchor bolt and dowel hole drilling with ease.

What are Ripamonti rock drill attachments used for?

Ripamonti rock drill attachments offer solutions for a variety of applications including Soil Nailing, Hollow Bar Installation, Compaction Grouting, Blasting, Dewatering, Anchoring, Drilling, Tiebacks, Micropiles, and More. The Speedy Drill is a highly adaptable drilling solution designed for challenging geotechnical applications.

Excavator Drills Canyon Equipment supplies rock drill attachments for any size, make or model of excavator and drilling equipment. Pneumatic or hydraulic ...

The MG3000 Rocklift will move irregular shapes such as rocks, stones, and boulders. Shop these fully automatic rock lifting tongs at Diamond Tool Store today!
