

Skid steer pier drilling rig

What is a word skid steer attachment?

Built to fit any standard skid steer model, the WORD Skid Steer Attachment offers solutions for a variety of rock drilling applications. With a devotion to quality and timely delivery, WORD Rock Drills is dedicated to delivering your perfect machine when and where you need it.

What is a pier tech mini skid steer attachment?

The PierTech(TM) Mini Skid Steer Attachment allows machines like the dingo, the Vermeer Tx series, and the bobcat mt series to install helical piles. This attachment and drive can put the 2 7/8" pile into capacity. Great for low clearance and tight access installs, keeping the installer from having to use the handheld.

What is a telescopic skid steer attachment?

The PierTech(TM) Telescopic Skid Steer Attachment is the most common skid package that PierTech(TM) offers. This attachment offers the operator greater reach and extends to give you the ability to install longer piles. The telescopic skid attachment is universal for most skid steers and has a quick attach plate for ease of disconnecting and reconnecting.

Does pier tech offer helical pier installation equipment?

Stop guessing at what you need by reading spec sheets and call PierTech(TM) for expert help. We carry a full line up of equipment so you can get the job done. Discover PierTech's full line of helical pier installation equipment--drive heads, skid steer attachments, torque monitoring, and more. Built for speed and precision.

What are CME skid rigs used for?

Capacities may vary according to drilling conditions. CME reserves the right to amend these specifications at any time, without notice. Call 1-800-325-8827 for more information! CME skid rigs CME-45C, CME-55 are efficient auger, core, rotary drills for geotechnical, environmental and mineral exploration, SPT, CPT, DTH, sampling.

What is a self-contained barge rig?

These are self-contained rigs on CME designed steel skid frames. They can be fully equipped with CME automatic hammer, hydraulic rod and break-out wrench systems, several hoist lines and water pump systems to efficiently handle your barge work or limited access sites.
