

Slb drilling rig

Our mud mixing and additive equipment makes drilling fluid mixing operations smarter, safer, and more accurate. The portfolio comprises products that improve drilling fluid system operations ...

Includes 18 ultra-deepwater wells to be delivered over a three-year timeframe AI-enabled drilling capabilities to improve operational efficiency and ...

Greater efficiency and less downtime for onshore drilling The Precise(TM) automated drilling system gives you full control over your rig's functions from ...

The conventional method of engine management is focused on high availability of rig power for drilling operations, where gensets are continuously running ...

SLB provides the expert directional drilling services needed for high-quality wellbores that stay in the "sweet spot"--your optimal production zone. Our ...

Use our advanced AC and DC electrical technologies to enhance control, safety, and performance. We also have hydraulic power units, available in three-, four- and five-pump ...

Get tailored solutions specific to your rig To help you achieve systematic impacts, our end-to-end approach to drilling emissions management focuses on ...

1. n. [Drilling] The machine used to drill a wellbore. In onshore operations, the rig includes virtually everything except living quarters. Major components of the rig include the mud tanks, the mud ...

Cameron provides traveling blocks from 275- to 1,250-tonUS. Precise weighting of our traveling blocks ensures fast free-fall, while their streamlined, compact design eliminates interference ...

Our cutting-edge digital drilling solutions harness the power of automation to revolutionize efficiency, precision, and safety in drilling operations. By ...

Includes 18 ultra-deepwater wells to be delivered over a three-year timeframe AI-enabled drilling capabilities to improve operational efficiency and well quality HOUSTON, ...

Synchronize surface and downhole parameters The DrillSync(TM) automated controls platform provides a comprehensive range of software tools to ...

OnTrack DM drilling management system makes drilling data generated on the rig available anywhere and

Slb drilling rig

ultimately allows "drill from the beach" capability. ...

6 days ago#0183; R& D Technical Section Q& A: Drilling Automation--People, Process, and the Rise of Smart Rigs This article is the fourth in a Q& A series from the SPE Research and Development ...

SLB's TruLink(TM) dynamic survey-while-drilling service. This innovation provides uninterrupted, high-fidelity subsurface measurements in ...

Semisubmersible rigs are designed for waters exceeding the depth limit of jackups. Drillships operate in the deepest waters. Day rates for onshore rigs ...

SLB said ADNOC Drilling agreed to acquire a 70% stake in its land drilling rigs business in Kuwait and Oman for as much as \$112M.

DrillOps predictive analytics is an intelligent, automated, real-time multi-rig monitoring and advisory system. Alert-based monitoring enables proactive ...

Able to handle the harsh challenges of high-volume horizontal drilling and move quickly, the Maverick fast-moving rig has a proven track record of enhancing ...

BOP Control Systems Drilling control systems for land, platform, and subsea applications Cameron provides drilling control systems for land, platform, and subsea applications. Our ...

Schlumberger was founded in 1926 in Paris as the Electric Prospecting Company (French: Société de prospection électrique) by two brothers Conrad and Marcel Schlumberger from Alsace. Schlumberger supplies the petroleum industry with services such as seismic data processing, formation evaluation, well testing and directional drilling, well cementing and stimulation, artificial lift, well ...

Cameron drilling control rooms (DCRs) are tailored to the customer's drillfloor layout and requirements, and range from compact one-seater cabins to large ...

Cameron Drilling Systems offers an extensive catalog of product training to prepare participants to effectively operate, maintain, and troubleshoot the ...

ADNOC Drilling has signed an agreement to acquire a 70% stake in SLB's land drilling rigs operations in Kuwait and Oman. This strategic move ...
