

Snowrunner not a drill construction rig semi trailer

How do I deliver a rig semi-railer to a drilling site?

Deliver 2 loads of Metal Beams to the Drilling Site, then deliver 1 load of Oil Rig Drill to the Drilling Site and then deliver the Construction Rig Semi-Trailer to the Drilling Site. Objectives must be completed in order.

How to load oil rig Drill?

After attaching Flatbed Trailer, you will need to travel Smithville Dam in order to load Oil Rig Drill by accessing Cargo Management. After loading Oil Rig Drill, you will need to travel back towards the Black River at Michigan, USA. Check your fuel before starting the journey towards the Drilling Site which will be marked on your map.

How do you drill a trailer?

Deliver the oil drill then drop your trailer. Drive to the factory and pick up the Construction trailer (Saddle High required). Deliver the trailer and the mission will be complete. A couple of things, I think the drill bit is a 5 slot cargo so you need a trailer with at least 5 spaces, so a 4 wouldn't work.

How do you deliver a construction trailer?

First go to the warehouse, load the metal you need and deliver. Then get a Stepdeck and cross into Smithville Dam. Head to the service hub and load the oil drill. Deliver the oil drill then drop your trailer. Drive to the factory and pick up the Construction trailer (Saddle High required). Deliver the trailer and the mission will be complete.

How much does it cost to load oil rig Drill?

Attach one Flatbed Semi-Trailer which will simply cost you 6600 bucks for your truck where your Drill will be bounded for transportation. After attaching Flatbed Trailer, you will need to travel Smithville Dam in order to load Oil Rig Drill by accessing Cargo Management.

How do you play Snowrunner?

SnowRunner is an off-road driving simulator that takes you to the extreme Siberian and American wilderness. Available on Epic, Steam, Xbox, PlayStation, Switch and Mac OS. First go to the warehouse, load the metal you need and deliver. Then get a Stepdeck and cross into Smithville Dam. Head to the service hub and load the oil drill.
