

Soil testing drilling rig

MATECO's Geotechnical Drilling and environmental soils drilling services provide accurate, reliable information in a cost effective manner.

Boring methods are widely used for subsurface investigations to collect samples, in almost all types of soil, for visual inspection or laboratory testing. There are several boring techniques ...

Drilling tools for sampling soil when conducting geotechnical soil tests, including spt samples. Soil testing equipment includes interlocking split spoons.

We Offer Rock Anchoring, Rock Anchoring, Soil Anchoring, Prestressed Rock Anchors, Prestressed Structures Rock Anchors, Piling, Micro Piling, Piling ...

In the industrial world, drilling rigs are essential tools that support various drilling activities. Whether for mining, construction, or geotechnical applications, ...

Drilling Rig for Your Geotechnical Projects Choosing the right drilling rig is one of the most critical decisions you'll make when undertaking geotechnical projects. Whether you're conducting soil ...

Our SPT test drill rigs are designed for the geotechnical engineer or soil testing contractor that needs a compact, powerful test rig with more features than any ...

Oxcorr Drilling Rig The drill is trailer mounted and accompanied by a Mitsubishi Fuso with a maximum length of 10- meters. Provided access for the truck and ...

Whether you're building an infrastructure or determining the best location for a water well, knowing the quality of your soil is essential for reducing the risk of ...

The STR-138 is a mini drill rig for SPT soil testing, wireline coring and rotary drilling, and is the perfect entry level SPT rig. This small yet very powerful ...

TMG manufactures a line of powerful and compact SPT test rigs designed for the geotechnical engineer. Our SPT test drill rigs are used for rotary drilling, ...

SPT-LC IV is a crawler-type self-propelled multifunctional soil investigation machine. It can perform rotary/auger functions on the same drilling rig, and ...

When you need to drill, and a big rig can't get to your drilling site, turn to Little Beaver. In addition, users can

Soil testing drilling rig

pair our standard hydraulic post hole digger with a variety of core sampling tools to ...

Light weight portable rigs used for geotechnical drilling and soil sampling with sophisticated soil investigation and compaction control capability.

Knowing the quality of the soil is essential for reducing the risk of working with unstable or unhealthy soil. Whether determining the best location for a water ...

Our SPT drilling and soil investigation platforms are specifically designed for geotechnical engineering. These platforms are compact but powerful and can ...

Subsurface borings for soil investigation and for monitoring well construction are drilled with a CME-45 or equivalent drilling rig. Drilling locations are selected ...

The PCDR-150 drill rig is ideal for Soil testing drilling application in rock formation. Thanks to its simple and compact design, excellent performance, high ...

SPT rig, or standard penetration test drill, is a drilling equipment widely used in geological surveys, engineering construction, and other fields. By testing the ...

These rigs pack the pull and push power necessary to complete your geotechnical investigations for roadways, buildings, tunnels, and levees while also providing the control to fine tune your ...

HSA, mud rotary and cased drilling methods including split spoon sampling (SPT), shelby tube, piston sample, vane shear, packer and permeability testing and installation of geotechnical ...

It features a percussion hammer for direct push soil sampling for environmental projects an automatic hammer for standard penetration testing (SPT) for ...

Our cutting-edge equipment combines innovative technology, robust construction, and precise engineering to ensure reliable and precise drilling in even the ...

Harikrishna Eng is one of the companies that bring forth high quality Drilling Products for its clients. We are one of the leading Manufacturers, Exporters ...
