

Soilmec drilling rig

SOILMEC machines for the excavation of wells are distinguished by the combination of performance, robustness, ease of operation, and advanced drilling technology.

SoilMEC SR-30 Drilling Rig The SR-30 Eagle from Soilmec is a testament to the adage "When Less is...More," offering a compact yet powerful solution for ...

The Soilmec SM-11 is a 25,000lbs Micropile/Tieback Drilling Rig. The SM-11 with its compact design is particularly suitable in urban construction sites and in limited-access job sites.

The Soilmec Drilling Rig SR-35 EVO is a modern machine equipped with several accessories and devices designed to guarantee the highest level of connectivity, accessibility, and safety.

Soilmec SM-14 is a multipurpose drilling rig. Its modular design is engineered for the execution of: Micropiles, Tie-backs, Jet-grouting, Drain, Water wells. The rig is fitted with proportional, ...

SOILMEC machines for the excavation of wells are distinguished by the combination of performance, robustness, ease of operation, and advanced drilling technology. Several ...

The new SM-11 is a 25,000-pound micropile/tieback drilling rig that offers high performance and efficiency in a compact size. This top-performing rig uses ...

SOILMEC DMS® - SOILMEC DRILLING MATE SYSTEM Electronic system for drilling equipment control, production supervision, and fleet management, developed and owned by Soilmec. ...

Soilmec's latest rig, the SR-65 Blue Tech, offers a range of features designed to simplify operations without compromising reliability or performance. It's the only rig in its class you can ...

The SM-20 is a multipurpose hydraulic drilling rig. Its modular design is engineered for the execution of micropiles, tie-backs, anchors, jet-grouting, drains, water wells. The rig is fitted ...

The SOILMEC SR-45 from Western Equipment Solutions is a lighter, fuel-efficient drilling rig with precise control & DMS monitoring. It's self-assembling & easy ...

Soilmec provides the foundation engineering and underground construction industry with a full spectrum of innovative equipment solutions. Soilmec's product line has the most advanced, ...

SF-65 The SF-65 drilling rig, is the evolution of the already existing equipment dedicated to Continuous

Soilmec drilling rig

Flight Auger drilling technique. The upper structure of the SF-65 is mounted on ...

SR-30 Eagle Agile and powerful The SR-30 Eagle is the smallest model in Soilmec's line-up of drilling rigs. Built with a lightweight design the rig features a high torque rotary head, powerful ...

Its design and technological advancements make it a smart choice for operators looking to enhance their drilling operations with a machine that offers quick ...

Soilmec Providing drilling and foundation equipment to many different industries, Soilmec is an international leader in designing, manufacturing and distributing ...

DMS, Drilling Mate System, is the control center of your job site and Soilmec drilling rigs. In 2004, Soilmec was the first manufacturer in the world to develop a system for the global control of ...

The Soilmec SR-90 hydraulic drilling rig has been specially designed for the following applications: - cased bore piles with casing driven directly by the rotary head or optionally by ...

The Soilmec SR-65 is engineered to tackle diverse challenges easily. The versatile drilling capabilities support kelly bar, CFA, displacement ...

The SR-45 has become well known for its characteristics of dynamism and drilling capabilities combined with quick and efficient mobilization for rapid start-up on job sites.
