

Soilmec hydraulic drilling rig

Soilmec is an international Italian leader in ground engineering equipment. It primarily produces and manufactures drilling machinery used in the foundation ...

- Crowd system: 1,8 m stroke hydraulic cylinder. - 100 kNm torque rotary table c/w two hydraulic motors and reducers. - Telescopic kelly bar with guide connection to mast with friction or ...

The Soilmec R312 200 is a compact yet powerful hydraulic drilling rig designed for versatile foundation applications, including bored piles, CFA piles, and soil ...

A new model Soilmec SM-14 is a multipurpose drilling rig. Its modular design is engineered for the execution of: Micropiles, Tie-backs, Jet-Grouting, Coring, Drain, Water wells. The rig is fitted ...

The Soilmec SR-90 hydraulic drilling rig has been specially designed for the following applications: - cased bore piles with casing driven directly by the rotary head or optionally by ...

Soilmec S.p.A is an international company leader in design, manufacture, and distribution of equipment for the ground engineering industry, drilling and ...

It's a fully hydraulic drilling rig mounted on standard, heavy duty truck. Thanks to its power, reliability, and novel configuration STM-20 meets the needs for a ...

SM-11 The brand new SM-11 is a versatile, compact and powerful machine. The rig is fitted with proportional, hydraulic servo-assisted controls that make the operations smooth and trouble ...

Advanced technology and flexibility The SR-45 has become well known for its characteristics of dynamism and drilling capabilities combined with quick and efficient mobilization for rapid start ...

The hydraulic drilling rig model SM-405/5-8 has been developed on the experiences gained from SM-405. The rig is meant to be used in a specific field like tie-back, deep drilling and jet ...

The Soilmec SR-90 hydraulic drilling rig has been specially designed for the following applications: - cased bore piles with casing driven directly by the ...

SM-14 HYDRAULIC DRILLING RIG A new model Soilmec SM-14 is a multipurpose drilling rig. Its modular design is engineered for the execution of: Micropiles, Tie-backs, Jet-Grouting, Coring, ...

The rig is fitted with proportional, hydraulic servo-assisted controls that make the operations smooth and

Soilmec hydraulic drilling rig

trouble free even in the hardest weather conditions. Featured with Load Sensing ...

Soilmec's latest rig, the SR-65 Blue Tech, offers a range of features designed to simplify operations without compromising reliability or performance. It's the only rig in its class you can ...

Everything under control wherever you are. DMS, Drilling Mate System, is the control center of your job site and Soilmec drilling rigs. In 2004, Soilmec was the first manufacturer in the world ...

The Soilmec STM-20 is a drill unit designed to be fast, highly productive and easy to operate. It's a fully hydraulic drilling rig mounted on standard, heavy duty truck.

Soilmec SM-14 is a multipurpose drilling rig. Its modular design is engineered for the execution of: Micropiles, Tie-backs, Jet-grouting, Drain, Water wells. The ...

Soilmec Hydraulic Drilling Rig SR-75. Blends together cutting-edge technology, design, and comfort to ensure top performance. Improved response and better-calibrated control of ...

STM-20 is a drill unit designed to be fast, highly productive and easy to operate. It's a fully hydraulic drilling rig mounted on standard, heavy duty truck. Thanks ...

Soilmec rigs are self-mounting, easily transportable and designed to giving the best drilling solutions. The New SR-25 model has been specially designed to ...

A new model Once again Soilmec introduces a modern, powerful and multipurpose rig for the top end segment of the market. The new SM-21 is engineered to perform micropiling, tie-back, jet ...

Soilmec rigs are self-mounting, easily transportable and designed to giving the best drilling solutions. The hydraulic drilling rig SR-145 has been specially designed to suit the following ...

SR-30 Eagle Agile and powerful The SR-30 Eagle is the smallest model in Soilmec's line-up of drilling rigs. Built with a lightweight design the rig features a high torque rotary head, powerful ...

Soilmec hydraulic drilling rig
