

Specifications of Mexican mining down-the-hole drill rigs

The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ergonomic cab. It integrates a DTH drilling system with a screw air ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

The single motor worm-gear head is rugged and compact for down-the-hole (DTH/ DHD) drilling with air and foam. Its floating spindle absorbs drilling shocks and is easy on threaded ...

Open-pit mining Surface down-the-hole drill rigs. MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

Synergy Rigs is a leading supplier of mining drilling equipment in India, offering rotary, DTH, core, and blast hole rigs for efficient surface and ...

TECHNICAL SPECIFICATION Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high-capacity production ...

MWYX series products have the characteristics of high efficiency, environmental protection, energy saving and safety tomatic drill change and powerful off-road performance reduce rig ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

It integrates a DTH drilling system with a screw air compression system, powered by a Yuchai six-cylinder engine. Compact in structure with excellent integrity and mobility, this rig delivers ...

Specifications of Mexican mining down-the-hole drill rigs

TECHNICAL SPECIFICATION Sandvik DR410i is a diesel-powered, self-propelled, crawler-mounted blasthole drill for surface mining. It is standard equipped for rotary with optional down ...

Rotary / DTH blast hole drill is a diesel-powered, self-propelled, crawler-mounted blasthole drill for surface mining. It is equipped for rotary with optional down-the-hole drilling power.

A mining mastermind The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Isn't it time you gave your operation the chance to profit from the added ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Isn't it time you gave your operation the chance to profit from the added intelligence of the ...

DR410i with worldwide standards in standards, Mining Design Guidelines (MDG) transportable equipment in mines, Earth Moving Round Table (EMESRT) Design Philosophies.

TECHNICAL SPECIFICATION The D75KX is a diesel powered, self-propelled mounted drill designed for high-pressure down-the-hole or low-pressure rotary blasthole drilling mining ...

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

Air capacity is the most important factor affecting down-the-hole performance. The engine and compressor in a SmartROC drill rig are controlled by an intelligent system which delivers more ...

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models ...

SANDVIK D90KS ROTARY BLAST HOLE DRILL TECHNICAL SPECIFICATION 29 to 349 mm (1 3/4" to 13 3/4") diameter holes. This modern design, excellent visibility, powerful slewing, and strut-less ...
