

Sr65 drill rig specs

Soilmec rigs are self-mounting, easily transportable and designed to giving the best drilling solutions. The hydraulic drilling rig SR-65 has been specially designed for suiting the following ...

SR65 2022 ROTARY DRILLING RIG Max. drilling diameter 1.1m Max. drilling depth 27m Rated output torque 70kN·m Engine power 84kW/2200rpm Follow us on Wechat and contact ...

Find out all of the information about the SOILMEC S.P.A. product: diesel engine drilling rig SR-65. Contact a supplier or the parent company directly to get a ...

SOILMEC SR-45 Drilling Rig The SR-45, replacing the popular SR-50, keeps the same power level but is lighter. It also offers single-load transportability, ...

Easy to transport so you can get the most out of the daylight, the SR125MV moves on a single truck and is ready to go to work when it arrives on site. 10.4" HD touchscreen display ...

Discover the capabilities of the Soilmec SR-65, a powerfully versatile foundation drilling rig designed for various projects that transports in ...

The efficient SmartROC D65 consistently The SmartROC D65 also uses 300 delivers high-quality blast holes with liters less hydraulic oil than previous accuracy and precision. versions and ...

The SR-65 Evo has been upgraded to the Blue Tech version which includes a redesigned operator cabin, new hydraulics and mechanics for an improved ...

DMS, Drilling Mate System, is the control center of your job site and Soilmec drilling rigs. In 2004, Soilmec was the first manufacturer in the world to develop a system for the global control of ...

Soilmec S.p.A is an international company leader in design, manufacture, and distribution of equipment for the ground engineering industry, drilling and foundation.

SR65-C10 is specialized in industrial, civil and municipal construction in small towns with high drilling efficiency. Diameter of drilling hole ranges from 0.4m to 1.1m and the drilling depth ...

Setting up the rig only takes 30 minutes to be operational on site. It features an optimal balance between maximum working radius and minimal tail swing, making it perfect for tight worksites. ...

SR65 is suitable for towns, industrial, civil and municipal small pile foundation fields. It can overcome the

Sr65 drill rig specs

difficulties of small hole construction and enable efficient construction and fast ...

Soilmec's Blue Tech drilling rigs have been designed to be easy to use and agile on the job site as reflected in the compact design, quick and efficient mobilisation for rapid start-up on job ...

A drilling machine that's reliable and simple to maintain. A high-performing machine even in the hardest conditions, a machine that is able to ensure comfort and safety to all personnel on ...

SmartROC D60 DTH surface drill rig for quarrying, mining and construction Intelligent, automated and future-proof as a result of Epiroc's unique Smart technology Improved fuel consumption ...

High speed and high precision of the turret motor guarantee the right alignment with the hole during the drilling phases (on request the new Soilmec automatic return system to centre hole ...

Designed around a new energy-saving architecture, the next generation SR-65 Blue Tech is a rig that meets the demands of productivity, flexibility and functionality across all drilling setups and ...

A GREAT drilling machine, reliable and simple to maintain. A high-performing machine even in the hardest conditions, a machine that is able to ensure comfort and safety to all personnel on site.

The document provides specifications for the SR-65 EVO Hydraulic Rotary Rig. It has a maximum pile diameter of 1500mm along the mast and 2000mm with an ...
