

Tei drilling

Who is Tei rock drills?

TEI Rock Drills is the leading manufacturer of excavator drill attachments, rock drill components and limited access drill rigs. Our unique drilling platform incorporates innovative TEI drilling technology with the construction industry's most rugged soil and rock drilling components.

What is a Tei rock drilling attachment?

TEI rock drilling attachments are the most versatile excavator drilling platforms available for ground improvement, earth retention, and rock drilling applications. These attachments are ideal for use in difficult low, high, and confined environments.

What is Tei drilling?

Our unique drilling platform incorporates innovative TEI drilling technology with the construction industry's most rugged soil and rock drilling components. TEI quality drilling equipment is the contractor's first choice for soil nailing and micropile operations. It works hard on mining and tunneling job sites worldwide.

What drilling techniques can a Tei drill be used for?

Capable of most drilling techniques including grouted hollow bar soil nails and micropiles, augers, coring, rock drilling and mud rotary application. Most popular TEI drilling attachment

Where is Tei equipment made?

TEI equipment is proudly made in the US with American-made parts to ensure quality, efficiency, and up-to-the-minute innovation. Check out everything TEI Rock Drills has to offer. TEI rock drilling attachments are the most versatile excavator drilling platforms available for ground improvement, earth retention, and rock drilling applications.

How does a Tei rock drill pipe handler work?

This innovative TEI Rock Drill pipe handler attaches easily and quickly to the excavator stick and auxiliary hydraulics on most 8 ton and larger excavators. It can grasp '5-10' length of drill pipe and casing together and fully position them over the drill rig.

That's where TEI Rock Drills technology stands above the competition. Engineered for maximum control, versatility, and performance, TEI drilling systems are trusted worldwide ...

TEI TD 100 Drill Rig Fitted with the new TE 1000 drifter which can generate 10,000 ft. lbs. of torque and is designed for the larger hollow bars such as 76 and 103mm This unit has a 10" ...

TEI rock drilling attachments are the most versatile excavator drilling platforms available for ground improvement, earth retention, and rock drilling applications. These attachments are ...

Tei drilling

RDS250 Hydraulic Rotary Head TEI Rock Drills makes sturdy hydraulic rotary heads that operate smoothly and are easy to maintain. These heads are used in drilling applications like soil ...

Using TEI's patented drifter technology the MME is an excellent tool for installing micropiles, soil nails, tie backs, rock drilling and the installation of the popular ...

Find and buy used foundation drilling equipment, pile driving machinery, and specialized tooling. Browse our marketplace of Bauer, Casagrande, Soilmecc, Comacchio, Klemm, Leffer, RTG, ...

Foundation Drilling Equipment To Accelerate Your Productivity We offer a full line of foundation drilling equipment and tooling from top manufacturers, such as ...

Discover how TEI Rock Drills improve drilling precision, speed, and reliability. Explore top equipment available from Western Equipment Solutions.

For the hardest working, most innovative rock drilling equipment, TEI Rock Drills is the way to go. As a leading manufacturer of excavator rock drill attachments, rock drill components, and ...

TEI Drills for rent Drills masts, compact drill rigs & more Excavator mounted TEI drills for rent, Ski d steer mounted TEI drills rental, various rotary heads and drifters configurations.

TEI Drills for rent Drills masts, compact drill rigs & more Excavator mounted TEI drills for rent, Ski d steer mounted TEI drills rental, various rotary heads and ...

The TD100/TD75 is an electric/hydraulic limited access drill designed to safely install cased micropiles and large hollow bar micropiles. The rubber tracks can ...

The HCC10X Hydraulic Casing Handler is a TEI Rock Drill attachment for excavators, designed to ensure safe handling of drill pipe and casing in field ...

Our TEI hydraulic drifters feature patented technology that sets our drilling platforms at the pinnacle of power. TEI drifters are designed to provide the power necessary for efficient soil ...

TEI TD Man Portable Drills Heads include the new TEI 260 HT Drifter and the 250 Rotary Electric Power Packs give you the ability to operate the drill at optimum flows in any situation Can be ...

TEI manufactures a lightweight drill attachment specifically designed for 5 to 8 ton mini excavators. This advanced drilling platform incorporates many of the ...

Foothills is your one source supplier of TEI Rock Drills, Tescar, Intric, Rockmore, Matex, hollow bar, tooling,

Tei drilling

geostabilization products, parts and service

The TEI Dust Suppression System for rock drills efficiently inject water into the drilling air, reducing dust by up to 98% to comply with local and federal safety ...

The MME is a lightweight drill for excavators 5-10 tons, incorporating many of the same features as the much larger HEM. The MME uses the same aluminum ...

For over 30 years, the TEI Group has continued to evolve from its roots as an independently owned elevator maintenance company to become a leading provider of comprehensive ...
