What is an offshore rig company?

An offshore rig company, also known as an offshore drilling business, is a specialized business that provides offshore oil and gas production services. These companies operate, manage, and maintain offshore drilling rigs, platforms, and associated equipment in oceans or seas.

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.
