

Tube-type engineering drilling rig accessories

What products are available for a drill rig?

Our extensive product range includes drill rods, stabilizers, subs, augers, casing, and accessories for all kinds of drill rigs. Whether you're drilling for water or exploring for minerals our products are designed to enhance your efficiency, productivity, and overall success.

What are BTA drill tubes?

BTA drill tubes connect BTA tools (also referred to as STS, or single tube system) to the deep hole drilling machine spindle, for rigid, confident drilling. Drill tubes sizes are standardized, and engineered for a range of hole diameters.

What is a drill tube adapter?

Drill tube adapters expand the range of capabilities of existing tooling and machines, allowing larger drill sizes to mount onto drill tubes, or to accommodate heads with different connection types. Each adapter has two ends with typical start patterns or mounts, to increase capacity of tooling setups.

Who is Tube Tech?

Tube Technologies, Inc. has been based out of the Minneapolis, Minnesota surrounding area since 1992. "Tube Tech", provides customers with value by offering quality drilling products which are designed for performance and durability.

Explore industry-leading drill rods and accessories designed for strength, durability, and optimal performance. Perfect for geotechnical, mining, and ...

Rodtek Engineering has grown exponentially since its start in 2007 to becoming a market leader in Africa and the rest of the world, offering a wide variety of drilling products to our customers ...

Geoprobe® 3135GT drill rig has 10,000 ft-lb of torque and 1,000 rpm to power through your geotechnical projects whether they need augering, mud rotary, SPT, Shelby ...

The Drilling Rig Accessories is a standout piece in our Mining Machinery Parts collection. Purchasing mining machinery parts in bulk presents benefits such as cost efficiency, ...

Manufactures of all type of mechanical spare parts for Drilling Machines, Mud Pumps, Triplex Pumps including Rubber Components. We also manufacture spare parts for Drilling Machines ...

HYDRAULIC DRILL RIG ACCESSORIES Hydraulic Rod Clamp 40mm to 150mm rod diameter range Supplied with 1.5m hose whips Tungsten carbide teeth ...

Tube-type engineering drilling rig accessories

We have developed MD series anchor drilling rig, XP series jet grouting drill rig, CWP series pump trucks, G series high-pressure jet grouting drilling tools and BP-1 series products.

Geotechnical drilling is a type of drilling that is performed as part of the construction process. This is mainly for structures such as buildings and oil rigs,,or as part of the investigation

Do you need a specific type of drill pipe for your rig and existing drill tooling? Mincon"s engineering and drill pipe experts can quickly assist with the ...

Ingetrol Group, world leader in the design and manufacture of drilling machines. We are committed to providing versatile and innovative solutions at all times ...

Hole Products is a leading manufacturer and supplier of high performance drilling supplies, tooling, and equipment to the Construction, Direct Push - Probe, Environmental, Geotechnical, ...

HYDRAULIC DRILL RIG Australian designed and manufactured by Christie Engineering, these machines are developed to be extremely powerful and light weight making them suitable for ...

Rodtek Engineering has grown exponentially since its start in 2007 to becoming a market leader in Africa and the rest of the world, offering a wide variety of ...

DRILL RIG TOOLING AND ACCESSORIES ENHANCE YOUR DRILLING OPERATIONS WITH TOP-QUALITY DRILL RIG TOOLING At Rig Source, we understand the critical role that ...

Riggers International provides borewell machines,mining drilling rigs and complete range spares for drilling equipments manufacturer and exporters ...

Drill tube adapters expand the range of capabilities of existing tooling and machines, allowing larger drill sizes to mount onto drill tubes, or to accommodate heads with different connection ...

PerforatorX Drill Pipes and Drill String Components are available for all leading drill rigs. These are designed to minimise operating costs and maximise ...

Our Products TMG Manufacturing offers an extensive line of quality underpinning & compaction grouting products and drilling tools, installation equipment and ...

Manufacturer of Kelly Bar & Accessories - Piling Winch Pump/Bailer, Kelly Pin Tool For Drilling, HR-180 Kelly Bar and Rotary Drilling Rig Kelly Bar Swivel ...

Tube-type engineering drilling rig accessories

Drilling Supply offers a range of drill rig accessories for RC, Geothermal and DTH rigs, designed to facilitate the sampling procedure and to enhance the production.

Drill Pipes & Accessories for Reverse Circulation (RC) Drilling Reverse Circulation (RC) Drilling is a method of drilling which uses dual wall drill pipes that consist ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

The pneumatic crawler drill rig is a multifunctional high-efficiency drilling rig, which integrates the functions of rhinestone and air drilling. It has the characteristics ...

Technological Advancements in Drilling Equipment The oil and gas industry relies heavily on sophisticated drilling equipment to access ...

We can supply the truck mounted drilling rigs, wheel mounted drilling rigs, crawler drilling rigs and so on to meet all customers? Requirements. We exported ...

The important methods that are available for drilling tubewells are as follows: 1. Percussion Drilling (Also Known as Cable Tool Method), further classified as: (i) Hand boring by rope or ...

We supply our customers with related accessories of the highest standards. The drill rods, for example, use the best steel tubes, are machined and treated at ...
