What is Rig 201?

It contains the first 4,000-horsepower draw works ever built, capable of holding 2 million pounds of pipe. The largest land derrick in the world, Rig 201 is well on its way to setting a record drilling depth of more than 33,000 feet. The rig's birthday party last June attracted a crowd of celebrities.

Can Rig 201 drill deeper than any rig in the world?

The drilling is taking place in the oil and gas rich Anadarko Basin, whose deep formations demand exceptionally large rigs. 'The specifications of Rig 201 make it capable of drilling deeper than any rig in the world,' said Henry Taliaferro, executive vice president of GHK, the firm leasing the rig.
