

West jaya drilling rig

Who owns Seadrill rigs?

SKD acquired Seadrill's tender rig division in May 2013. It now has the largest tender fleet by rig count, owning just over half of all tender rigs globally. In Southeast Asia, the company manages 17 tenders and semi-tenders, including two that are still owned by Seadrill.

Who owns SapuraKencana's tender rig?

SapuraKencana's West Menang tender rig is on an 18-month contract with Murphy Sabah Oil on the Kikeh Spar deepwater field offshore East Malaysia. SKD acquired Seadrill's tender rig division in May 2013. It now has the largest tender fleet by rig count, owning just over half of all tender rigs globally.

Which SKD rigs are under construction?

SKD also has three newbuilds under construction. The SKD T-18 tender in China's COSCO yard is due for delivery in Q1 2014, and the SKD T-20 tender is due out of the Kencana HL yard in Lumut, West Malaysia, in Q2 2014. The third rig, the SKD Kinabalu semi-tender, is also under construction at the Lumut yard.

Does Far East Energy use truck-mounted hydraulic rigs?

Far East Energy also uses US-manufactured truck-mounted hydraulic rigs on its CBM projects. The units can rig-up and drill approximately 40% faster than more conventional rigs, the company believes. Far East drilled 65 wells between January and July this year. "There were 25 wells spudded in June alone.
