

What are the suppliers of Shaoguan core drilling rigs

Why should you use our underground core drill rigs?

For over 100 years, exploration professionals have depended on our rigs' ability to withstand the elements and consistently deliver excellent results. Our underground core drill rigs are advanced, versatile and ergonomic. They have a compact design specifically for the underground environment and a wide range of applications.

Who is core drilling?

We are a leading supplier of mining equipment. Core drilling is a specialized area with a unique set of demands. For more than 100 years, people around the world have depended on our rigs to deliver excellent results.

Which diamec rigs are best for underground core drilling?

For underground core drilling exploration tasks, Epiroc offers the well-established and trusted Diamec range of machines. Diamec rigs are available in a wide variety of forms. The Diamec 232 is a small, portable machine which can be lifted onto a trailer and driven to the work site.

What is crawler full hydraulic core drilling machine?

We cover segments from mining, HDD construction, water well and oil and gas energy. We have products, solutions and services for mining and construction. The Crawler Full Hydraulic Core Drilling Machine is a new type of drilling rig developed on the basis of the advanced technology of similar drilling rigs.

Which diamec rig is best?

The flagship of the Diamec range is the Diamec Smart 6M. The Diamec Smart 6M from Epiroc combines the best of two worlds - the high productivity and accuracy of a Diamec core drilling rig, with the mobility of a well-proven, robust Boomer S2 platform. The Diamec Smart 6M offers unparalleled productivity in underground exploration.

What is a Boyles c5/c5c core drilling rig?

Our core drilling range includes a varied selection of machines to suit all the different environments and situations which can occur in the tough and demanding area of exploration drilling. The Boyles C5/C5C surface core drilling rig is compact, yet powerful. Its compact design makes it easy to position and transport, even by helicopter.
